

Baptist Revival Meeting To Close Sunday Night

HENDERSON WILL SPEAK FOR NEFF

CAMERON MAN WILL CHAMPION CANDIDACY OF WACO MAN FOR GOVERNOR

T. S. Henderson, Cameron attorney, statesman and orator, will speak in behalf of Pat M. Neff for Governor on the court house lawn in Cameron, Monday night, July 19, at 8:30 o'clock. Announcement of the speaking is made today by supporters of the Waco man for Governor. Issues of the campaign will be logically reviewed and the candidacy of Mr. Neff urged for the consideration of Milam county voters.

Mr. Henderson is a splendid public speaker and is one of the best known lawyers in Texas and is thorough conversant with the affairs of Texas and the issues in this campaign. The meeting is being advertised and a large crowd is expected to hear the distinguished Cameron attorney.

The Cameron Concert Band will play just preceding the speaking. The Neff campaign committee of which Judd G. Davis is chairman in Milam county is very active in behalf of Mr. Neff for governor and may arrange other speaking dates in the county before the election.

WILL MAKE WATER SUPPLY SAFE BY CHLORINE PROCESS

WATER COMPANY PLACES ORDER FOR EQUIPMENT TO MAKE WATER FREE FROM CONTAMINATION

The Cameron Water, Power and Light Company has telegraphed orders to New York for shipment of necessary equipment for giving the water supply the chlorine treatment, an improvement which has been insisted upon by the City Council.

This equipment is only to make the water safe by destroying bacteria and does not mean a filtering process as has been popularly supposed would be installed. When the matter was first brought up by Mayor Hearrell it was construed to mean that a filtering process would be installed. In justice to the water company it is well to state that is not the case and that no such improvement is being contemplated by them.

The chloride treatment is that which was used in France by the American army and the same as is being used in various sections of the country by towns using surface water. The treatment as explained by Mayor Hearrell and the water company will make the water safe for consumption, a condition which has not been heretofore obtained with respect to the water supply.

It is an admitted fact, however, that the treatment will not take the place of filtration and will not make the water clear and free from mud. Only a process of filtration at the cost of approximately \$39,000 will accomplish this result.

At the present time the water company under the instructions from the city council is cleaning out the settling basins to which water is pumped from the river. The water which has been placed into the mains during the past few days and which could not be used for either drinking or for domestic purposes with any degree of safety or satisfaction, was pumped from the river. The river has been swollen from recent rains.

Mayor Hearrell declares he assumes responsibility for the condition of the water during these days as it was under his orders that the settling basins have undergone a cleaning, thus forcing water to be supplied direct

Successful Campaign Waged By Church In Cameron.

The Baptist revival meeting, one of the most successful religious campaigns ever held in Milam county will be closed with the service Sunday night. The meeting will have been in progress 15 days Sunday when the last service is held.

On last Sunday the meeting went into its second week of progress with an increasing attendance and a deepening spiritual interest. Already many have been saved and a goodly number added to the rolls of the church. This week has been one of pronounced spiritual awakening with the noted Texas evangelist, Perry F. Evans of Fort Worth, putting all the force of a magnetic personality and energy, the appeal and power of a flaming gospel message into his sermons.

Last Sunday night saw the largest audience ever assembled for a religious service in Cameron. It is conservatively estimated that approximately 2000 people heard the evangelist speak. At the morning hour Sunday seventeen untied with the church. There were equally as many to unit with the church at the evening service with several conversions, making the day one of victory for the church forces. Of special interest was the meeting Sunday afternoon at 3:30 when the Evangelist addressed the men of Cameron. Mr. and Mrs. I. E. Reynolds, singing evangelists who have had charge of the music and singing were at the meeting and sang several songs.

The men's service was a departure from the usual service held by evangelists when addressing an audience of men. Mr. Evans does not belong to that company of evangelists who indulge in improper debate but in speaking to men brings a simple and forceful message and always keeps their respect and admiration.

Wednesday Mr. Reynolds, who has been leading the singing and music left to fill an engagement at the Baptist encampment, having been previously secured for that meeting. He was able to give only ten days to the Cameron meeting. Mrs. Reynolds will be here throughout the meeting and will play the piano. Mrs. C. D. Lay is now leading the song services.

There has been a splendid co-operation from the various branches of the church during the meeting under the systematic plan mapped out by the pastor, Rev. B. B. Blaylock. Each evening the men of the church meet for prayer and also the young people and juniors hold daily prayer services. The women of the church hold prayer meetings each day with members of the circle.

It is planned to make the last day of the service Sunday the most active day of the campaign. Other churches of the city have co-operated with the meeting and on last Sunday night dismissed their services that the people might attend the revival. It is understood that there will be no services at the other churches Sunday night but regular services will be held Sunday morning.

Rev. Blaylock announces that the baptizing service will be held Sunday afternoon and definite announcement as to the time and place will be made prior to Sunday as well as at the Sunday morning service.

From reports current it appears that the question of a sanitary water supply with a filtering process is getting the attention of popular sentiment. The water company is not willing to install a filtering plant without an increase in the rate to bring in a proportionate income, and this from a business standpoint is logical. It now appears that the issue will be forced and the logical solution is for

However, the people have a right to expect that the water supply shall be filtered and sanitary. The logical thing it now present is for the city to take over the system, a municipal policy which has been resorted to in practically every part of the country.

R. E. THOMASON SPEAKS IN INTEREST CANDIDACY FOR GOVERNOR HERE

R. E. Thomason, candidate for Governor, speaking to a crowd estimated at 2000 people here Thursday night in his first campaign address in Milam County, put his platform principles before one of the most responsive political meetings ever held in Cameron.

He declared he is making the race for governor on a well defined program of constructive policies for the State government and laid stress upon his campaign slogan, "more business and less politics." The crowd cheered Mr. Thomason when he declared himself unqualifiedly committed to the enforcement of law especially upon the question of prohibition which he said his record as a public official would show he was largely instrumental in its enactment.

Mr. Thomason was introduced by District Judge John Watson, who paid the El Paso candidate a distinct compliment for his achievements as a legislator and speaker of the House of Representatives and hailed him as "the next governor of Texas." The speaker was met here and entertained by the Thomason for Governor Club.

Mr. Thomason went into details as to his record as a public official. He declined to engage in personalities though stating that unfair and unjust attacks had been made upon him. "I am predicating this campaign upon a platform of principles with the single ambition to achieve great things for Texas and her people" said the speaker, but not one time did he mention the name of any other candidate for governor.

Speaking upon the question of organized labor and the industrial problems, Mr. Thomason declared that he is a friend to both capital and labor because their interests are so bound up as to make it necessary for them to be at peace and to move out upon lines of mutual understanding. Mr. Thomason drew applause when he urged his opposition of lawlessness and radical methods sometimes employed by labor to enforce its demands. He also sent a broadside at the profiteers and unympathetic capital with the thought of stating his position as one of fairness to both elements.

Denouncing the graduated land tax as a dangerous socialistic doctrine Mr. Thomason declared emphatically against the issue which he said was being advocated by a candidate for governor. He said he did not want to penalize thrift but believed that man should own all that he may honestly acquire. He said such a law would stifle investments of capital from other states and would depreciate the tendency upon the part of citizens of Texas to acquire holdings.

Mr. Thomason declared against the abuse of the "suspended sentence law" and said that if elected governor there will be fewer pardons. He said he favors prison reform that the state system of dealing with its prisoners will be more humane.

What is declared here to be one of the most pronounced progressive policy of a law which will compel power of a law which will compel power lines to permit people living in rural districts to get the benefits of power to harness the industry of the farm and to give the farmer the advantages of the city. This he said, should apply to gas lines as well as the other conveyors of products for modern utility. He favored better educational system and more pay for teachers and declared that the school house should be made the capital of community.

Mr. Thomason also advocated a blue sky law with "teeth in it" to catch the unscrupulous stock salesman. He advocated the consolidation of the pure food and health departments and warehouse and marketing department with the Department of Agriculture.

In reviewing his prohibition record Mr. Thomason said that he has always advocated prohibition and that his vote against submission in the legislature was cast upon instruction of his people in El Paso county but had gone back after passing the zone bill of which he is joint author and was

Following a meeting of the Cameron Commercial Club in the Auditorium Hotel Wednesday afternoon it was announced by Chairman S. A. Cottle that Cameron business men will make a two day trade trip by motor to the various tributary commercial points in the county on August 4 and 5.

The action of the committee is in line with recommendations of the Commercial Club at its last regular meeting when the matter of a trade trip was discussed. Members of publicity committee who took part in the conference yesterday were Chairman S. A. Cottle, R. H. McIntosh and Frank S. Lesovsky.

The route of the trip was mapped out and schedules made for the various towns and trade communities showing the time of arrival and departure. The business men will leave Cameron at 8 o'clock on the morning for Rockdale the first stop of the Cameron boosters. All towns and trade centers south of Little River will be made during the first day. The towns and trade centers north of the Little River are reserved for the second day of the trade trip.

The business men will have lunch at San Gabriel the first day and at Burlington the second day. The trip as scheduled by Mr. Lesovsky will total 161 miles, 80 to be covered the first day and 81 the second day.

The committee will canvass the city Friday morning to secure the names of those who will go on the trip and also to make a list of automobiles and trucks so that the line of transportation may be sufficiently large to take care of the trade enthusiasts who will make the trip.

In making the canvass the committee will also give the business men the benefit of suggestions for advertising their business and to place Cameron and its advantages before the people.

The trade excursion will stop in each town and distribute advertising matter and the business men will meet the people and boost their industries and the town in general as the logical center in Milam county.

The committee desires a large number on the trip and will place at the disposal of citizens and business men transportation. Business men will be asked to contribute a motor car or truck to be used in advertising his business as well as to accommodate people who wish to make the trip.

JUDGE GILLIS SPEAKS FOR THOMASON

COUNTY JUDGE AND BRILLIANT ORATOR TO FILL ENGAGEMENT AT GAUSE JULY 17

Announcement is made today that W. G. Gillis, County Judge of Milam County and widely known public speaker, will deliver an address at Gause Saturday afternoon at 3 o'clock, July 17 in behalf of Robert E. Thomason, candidate for governor.

Plans are being laid to advertise the meeting at Gause and get a large crowd to hear Judge Gillis speak for Mr. Thomason and review the issues before the people in the governor's race. It is announced that a large number of Thomason supporters and friends of Judge Gillis will go to Gause Saturday to hear the speaking.

Judge Gillis is an able speaker and will go over the issues of the campaign to present the candidacy of Mr. Thomason who spoke in Cameron last week.

Miss Louise Adams entertained with a swimming party on Tuesday morning. Chaperones were Mr. and Mrs. W. A. Bonds and Mr. and Mrs. P. O. Adams.

Miss Lelia Woolley was in Rockdale Wednesday.

Mrs. Clyde Franklin visited her mother in Rockdale Wednesday.

Mrs. Eugene Wade and daughters are in San Saba visiting relatives.

He declared he has always championed the rights of women and called the day "blessed when they took their place with the men in the politics of Texas."

Mr. Thomason left here Friday morning in company with George T. Graves and J. G. Vest, committeemen for the Thomason campaign in Milam county, for Rockdale and other points where the Speaker made a hand shaking campaign. He spoke at Caldwell Friday afternoon.

NEW CAR EQUIPMENT FOR HENNE & MEYERS FUNERAL SERVICE

FIRM HERE BUYS FINEST EQUIPMENT TO BE HAD IN COUNTY FOR CONDUCTING FUNERALS

Henne & Meyer Company of Cameron has just complete the installation of two handsome motor cars as equipment for their embalming and funeral directing service. The cars, one a magnificent gray hearse and the other a closed car combination of ambulance and pall bearers coach are among the best motor equipment to be found anywhere in Texas and have been installed at a tremendous expense to this firm.

Both of these motors are of special make built as exclusive funeral cars. Both are six cylinder motors. The combination ambulance and pall bearers' coach will seat 9 people and meets a demand for such equipment for conducting funerals in Cameron.

In addition to this equipment Henne & Meyer Company is installing new modern equipment and building a modern morgue and otherwise extending its facilities for taking care of bodies handled by its funeral service. This improvement is expected to be completed within the next few weeks.

The combination ambulance and pall bearers' coach will give the store facilities for ambulance service and will solve objection about riding in an ambulance which must also be used for a hearse.

The company now has two licensed embalmers, C. R. Phillips and Chas. W. Price. Mr. Price will act as embalmer for the four stores of Henne & Meyer in Milam County at Cameron, Rockdale, Thorndale and Buckholts.

The funeral equipment including the new motor hearse and ambulance and coach will be available for use anywhere in Milam county. This equipment together with tent and other equipment to be used in the cemetery completes what is now one of the finest funeral service establishments in Central Texas.

Mrs. C. P. Harvell is here with her son for an extended visit.

DEATH CLAIMS ROCKDALE CITIZEN

Death claimed one of Milam county's leading citizens Monday evening of this week when Mr. R. L. Hale of Rockdale died at his home in that city. Mr. Hale was manager of the Scarbrough & Hicks General Merchandise store, one of the largest mercantile institutions in Milam county. He was a man of fine business ability and had friends through this section of the state by the thousands. His death, which occurred at 6:30 was unexpected, as he had spent the entire day at his place of business, only leaving at 6 o'clock. After leaving the store he visited his aged mother for a few moments and then went home. A short while after reaching his residence he was seized with acute indigestion and died immediately.

R. L. Hale started life on his own hook and is a self made man. Thirty-seven years ago he took a place with Scarbrough & Hicks store and grew from delivery boy to manager of the store.

The funeral of Mr. Hale was held Wednesday afternoon at the First Baptist Church at Rockdale, of which he has been a life long member. The services were conducted by his pastor, Rev. Stewart, assisted by Rev. B. B. Blaylock of Cameron, formerly his pastor, and Rev. Hamlett of Austin. Interment was made in the I. O. O. F. cemetery.

Those attending from Cameron were: Jeff T. Kemp, W. G. Gillis, Will T. Yates, Newton McDonald, Jack Lewis, Dick Clark, Clyde Franklin, Miss Minnie Wolf, Mrs. M. C. Sapp, Mr. and Mrs. T. S. Henderson, Mrs. Wm. Henderson and Miss Mary Lake Henderson.

STATEMENTS FROM BUSINESS MEN WHO ARE EMPLOYING OUR GRADUATES AND FROM VISITORS WHO HAVE SEEN OUR SCHOOL.

Here are a few extracts from letters of prominent business men who have had the proof as to the ability of our graduates:

"Having employed several of your graduates, I think your institution the best of its kind in the country."

"Of the seven men you have sent us, six remain in our service and the other one has just joined the Navy. All are making good."

"As you know, I have had a number of your students in my office. I take this opportunity of saying that every student that I have had from your school shows superiority of training over students that I have had from other schools."

"We have one of your graduates as a stenographer in our legal department at a handsome salary giving entire satisfaction. The work is extremely difficult, requiring the greatest skill and accuracy. She reads her notes like print. We wish to commend your school for turning out such graduates."

"If all your graduates are as proficient as the three young men we have in our office you are certainly doing a great work for not only the young people but the business men as well."

"We have several of your students and all of them understand their business. Your courses are thorough or they could not take hold as they have done for us."

"If the several graduates of your school that have been in our employ are fair samples, I cannot recommend your institution too highly."

Following are the names of some of the many prominent people who have visited our school, many of whom give free lectures to the student body, and what they say of the Tyler Commercial College:

Mr. Curtis, Pres. Texas W. C. T. U. "Wonderful institution."

Mr. Edmond C. Peters, International Y. M. C. A., Sec'y from Russia, "I wish to compliment your school on magnitude, cleanliness and discipline; the best I have ever seen."

Mr. Rothwell, Govt. Inspector Vocational Education, "It is wonderful."

Dr. Bizzell, Pres. Texas A. & M. College, "A great institution."

Mr. Foggelman, of the Chautauqua, from Sheldon School of Salesmanship, Chicago, "A most wonderful business training institution."

Dr. Hardy, Pres. Baylor College, Belton, Texas, "The most magnificent mixed student body I have ever seen."

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

QUARANTINE HERDS IF TICKS SHOWN AFTER AUGUST 1

GEORGE M. PAXTON SERVES
NOTICE ON OWNERS THAT
QUARANTINE WILL BE
INVOKED.

Notice is served upon all cattle owners that those herds of cattle in Milam county which show ticks on and after August 1st will be placed under local quarantine at the end of the season and will be compelled to dip their cattle next year. Cattle which are exposed to ticky premises or herds will also be subject to the dipping and quarantine regulations.

Milam county is in good shape to be released from Federal Quarantine on December 1st. There are less than two hundred tick infested herds of cattle in Milam county. Some of these are not being dipped. The number of tick infested herds of cattle in the county can be reduced one-half each month by dipping all the cattle every fourteen days. Cattle owners must not take the chance of having tick infested cattle this late in the season. There are yet remaining four and a half months of the eradication season, sufficient time to get the last tick in the county. Inspections of cattle which have shown ticks during the last nine months WILL NOT BE MADE, as it is not required under the new law, and dipping orders will be served upon all failing to dip and who have shown ticks within the past nine months. Milam county can be released from Federal Quarantine this year and all the cattle must be dipped regularly in order that this release from quarantine and dipping regulations can take place. Co-operation is needed along with law enforcement. There must be approximately fifty herds or less of ticky cattle in the county Dec. 1 before this county can be released. Do your part; help those interested to do theirs. See that the ticky and exposed cattle are dipped as well as all others so that no ticks will appear late in the fall. In ticky pastures, premises or ranges don't miss dipping a single head of cattle or infested horses, mules or colts. The time is here now when careful, close dipping must be done. If you fail the county cannot be released at the end of the season. The

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores
Its Normal Color and Lustre
At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Mrs. John E. Cooke of Rockdale,
wife of John E. Cooke, owner and pub-
lisher of the Rockdale Reporter and
President of the Texas Press Association,
died at the family residence at
11 p. m. Friday July 9, 1920.

Funeral services with Low Mass
were held in St. Joseph Catholic
Church Monday morning, July 12 at 9
o'clock, Rev. S. Spinneweber officiat-
ing. Interment was made in the Odd
Fellows Cemetery in Rockdale.

Mrs. Cooke had been in failing
health for several years and her con-
dition during the past few months
grew more critical and the end came
Friday evening, July 9. She is sur-
vived by her husband, son and daugh-
ter, all of Rockdale.

Mrs. Cooke was held in universal
esteem among her friends as a Chris-
tian woman, a devoted mother and
wife. Only those who have sat in the
shadow of a great bereavement and
gone down in to the valley of suffer-
ing to sit by the bedside of a loved
one as hopes die one by one like petals
that fall from a fading flower realize
the import of such grief.

To those who sit in the shadow of
this great bereavement The Herald ex-
tends its sincere sympathy.

The Fellow in Lead

In the race for Governor both Mr.
Thomason and Mr. Looney are giving
strenuous attention to Mr. Neff, and
finding considerable fault with his
candidacy. This is simply a confes-
sion by Mr. Thomason and Mr. Looney
that Mr. Neff is in the lead; be-
cause in any sweepstakes contest each
participant always gives his first at-
tention to the fellow in the lead.

THE CITY'S WATER SUPPLY

Without any visible, immediate prospect of effecting
the desired improvement in Cameron's water supply
both because of inadequate charter provisions and a con-
fession on the part of officials of the Cameron Water,
Power and Light Co. of an unwillingness to make fur-
ther investment in equipment to secure filtered water
without a corresponding increase in rates and a meter
system, the city is facing a problem which will inevita-
bly force the issue of settlement and may result in muni-
cipal ownership and operation.

That resolution offered by Alderman Graves and unan-
imously adopted by the City Council withholding payment
to the Cameron Water, Power and Light Company for
water agreed to be furnished under contract as "pure,
potable and uncontaminated" is not only commendable
but was an inevitable course of action.

The city cannot be denied the right to protest and
refuse payment for something it is not receiving and
which is guaranteed under the provisions of the contract.

Any contest however, will bring to the front a coun-
ter claim on the part of the Cameron Water, Power and
Light Company that the contract as well as charter pro-
visions do not impose requirements that would force fil-
tration or even treatment of the water. The chief dif-
ficulty seems to lie in the source of supply of water, the
company maintaining that its responsibility ends with
the river and settling basin.

The issue must be considered upon its merits and
that to offer the conflicting claims with the view of
bringing about a solution most logical and beneficial.
The admission is unanimous, even on the part of company
officials that the water supply should be filtered as is the
case in practically all cities where the same source of sup-
ply is used. This is the principal solution for a safe and
sanitary water supply. In order to obtain such a water
supply it will require the installation of equipment to
cost on conservative estimate some \$30,000.

The Cameron Water, Power and Light Company de-
clares, and it seems not without logic or justification, that
this equipment cannot be installed without an increase in
rates whether permanent or temporary to insure a legiti-
mate additional revenue to offset or stabilize added in-
vestment. It is hardly fair to decry this contention. How-
ever, the people want and must have pure water, filtered
and delivered clear and uncontaminated.

Under the process of municipal ownership the people
would certainly pay for what they receive and receive
that for which they pay. A filtered water supply cannot
be obtained without cost.

Net revenue from operation of the water supply may
or may not be an attractive inducement to try out muni-
cipal ownership. But the paramount question is a filter-
ed supply. It is hardly wise to deny longer the achieve-
ment of this condition in our water supply whether it be
brought about by municipal ownership or rate conces-
sions to the company on the basis of required installation
of a filtering process. This matter should be determined
by the people and expressions from them will be wel-
comed.

Viewing the matter from the consumer's point of
view there is no justification for impure or unfiltered
water.

Nothing can righteously supercede the public
health.

The chlorine gas treatment of the water which is now
proposed and equipment for which has been ordered will
make the water safe. It will kill bacteria but it will not
take away the mud, only filtration can do this.

But mud, even though passing the scientific test of
modern sanitation has no place in drinking water.

What are you going to do about it? The citizens
should not and will not be satisfied with a mere treat-
ment of the water. Filtration is inevitable.

We believe that its feasibility as a safe financial en-
terprise in case of municipal ownership or a minimum in-
crease in the rates will not stand in the way of the people.
What they most desire is better water and we believe
they are willing to pay for it just as they pay for other
necessary commodities handled by public corporations.
Financial consideration is negligible compared with the
public health.

For the past several days hundreds have been with-
out drinking water from their own connections with the
public water mains simply because there is a woeful lack
of forethought or inexcusable neglect when the settling
basins were being cleaned out. Water is being pumped
direct from the muddy stream to the homes of people for
consumption. Why is it not possible to have a storage
capacity to meet such emergencies and to avoid what
amounts to a practical famine in drinking water.

If the people are content with a mere treatment of
the water without filtration then the question is settled
without discussion and we may continue without further
thought to such "unimportant" matters as the public
health.

What are you going to do about it?

CHURCH POLITICS SCORED BY LOONEY

CANDIDATE SAYS EVIDENCE IS
FOUND OF ATTEMPT TO MO-
BILIZE BAPTISTS

POINTS TO DR. BROOKS

Criticises President of Baylor for Ac-
tivity in Behalf of Mr. Neff

Speech by Hon. B. F. Looney, deliv-
ered at Dallas, Texas, as appeared in
the Dallas News of date July 13th:

Three issues, participation in poli-
tics by religious sects, labor and anti-
trust legislation were brought into the
gubernatorial campaign of Texas by
Ben F. Looney, candidate for Govern-
or, who spoke before more than 300
persons in the City Hall auditorium
here last night.

Himself a Baptist, Mr. Looney de-
clared with emphasis that he called
upon the laity of the church and of
all sects, to repudiate what he termed
the propaganda of the Baptists of
Texas in behalf of the candidacy of
Pat Neff for Governor. "I feel that
it falls upon me to raise this question,"
he said, "but who the beneficiary will
be I do not know—nor care." Here
he was greeted with applause.

Dr. S. P. Brooks, president of Baylor
University, with several other
heads of Baptist schools in Texas,
were openly charged with campaigning
in behalf of Mr. Neff. Political in-
ference was drawn in the conferring
of 350 degrees by Baylor University re-
cently, when Pat M. Neff introduced
the recipients to Dr. Brooks, and a
comparison was made upon similar ac-
tions by any other religious denomina-
tion.

The speaker declared that while he
was in the Legislature he did
more than report "present" at roll
call. He asserted that he disagreed
with Neff's graduated land tax plank
and that Neff disagreed with himself
Thomason, he said, campaigns with a
plank on the repeal of the poll tax to
Thomason, but to himself (Looney)
only a revision of the State suffrage
laws tending to remove restrictions on
the qualifications of a voter.

Mobilize the Baptists

Bailey, he said, was intensifying
class hatred by his attitude on labor
issues and a defense of his prosecu-
tion of the Crane Company of Texas,
under the anti-trust law, was made.

Prohibition was made an issue.

"In canvassing the State," said Mr.
Looney, "I have found evidence of a
movement from somewhere to mobil-
ize the Baptists and the educational
institutions of the Church and of the
State in the interests of the candi-
dacy of one of the candidates for Gov-
ernor. I appeal to the press to take it
up. I wish to call attention to it and
that it should be repudiated. The first
amendment to the Constitution of the
United States is claimed to be the re-
sult of the efforts of the Baptists,
namely, religious establishments pro-
hibited.

"I have fought the brewer and have
assisted in scourging them from politi-
cal participation in this State. I have
been a Baptist for thirty-two years.
Baylor University celebrated its sev-
enty-fifth anniversary a short time
ago, and Baylor belongs to the Bat-
tists of Texas—in general, to all of
Texas. But if Baylor is to go on in
the future as it has in the past, it
must not become soiled in the mire of
personal politics. Dr. Brooks is a
great man and a great man can go
wrong. Dr. Brooks has gone wrong
in this case.

"Dr. Brooks is president of Baylor
University, partly on the vote of Pat
M. Neff. We are the constituency
that elects the trustees who elect the
president and fix his salary. The
president of the university is advoc-
ating the election of the president of
the board of trustees. How can he
escape the inference? What would
you think if Dr. Vinson would take
the stump for a candidate for Governor?
The Governor of the State passes up
on the appropriations for the Univer-
sity of Texas. But Dr. Sandifer,
president of Simmons College at Abi-
lene, and Dr. Hardy, president of Baylor
College at Belton are all working
for the election of Mr. Neff—and if
on a consistent line-up like that, who
have the alumni for seventy-five years
to appeal to, advocate the election of
Neff they will eventually draw in-
to the political game every denomina-
tion in Texas.

Ridiculous Disguise

"I know lots of Baptists who are
fit to be Governor—a good Baptist is
like any other denomination: He may
be qualified for Heaven, but not neces-
sarily for the Governor's office. What
if the Jews would advocate and unite
in the election of one of their denom-
ination? What if the Catholics did?
Why, there would not be a Protestant

NOTICE TO TAXPAYERS.

Increased cost of everything has
affected the City's expenses, along
with other lines of business and more
money is required to do the same
things, than it cost before. The City
having a maximum limit of 65c on
the hundred dollars, cannot there-
fore increase the tax rate, yet it is
operating under a monthly deficit and
getting deeper in debt, borrowing
money from our banks at the usual
rate of interest and this condition
cannot last always and there being
no expense item that the City Coun-
cil feel like they could afford to e-
liminate, must have more money,
hence the only other way to raise the
necessary funds is to increase the
renditions to the legal full rendition.
Therefore the City Council, con-
sisting of bankers, merchants and
business men of experience, went over
all the tax renditions and placed
all property at its present, full mar-
ket value, as best they could judge
and turned these renditions over to
the Board of Equalization and asked
that unless good cause was shown
why they should be lowered, to adopt
them.

The Board of Equalization then
checked over these amounts and
equalized them one with the other
and notified such property owner by
mail in case his or her property was
raised, so that he might have an op-
portunity to appear.

In the case of stocks of merchan-
dise of all kinds, original inventories
supported by affidavit will be re-
quired, as much complaint has been made
that merchants are not paying their
proportion of the taxes; the same in
the case of corporations will be re-
quired; all banks will be required to
pay on their full capital stock, plus
surplus as well as undivided profits to
be taken from sworn affidavit of the
banks cashier; individuals and corpo-
rations should not complain if they
are treated the same way.

The Board of Equalization has ad-
journd to meet on July 21-22-23rd
to hear all complaints. Owners will
please appear on the day their notice
calls for, as the work has been di-
vided for the three days mentioned;
if unable to appear on your date, any
of the other days will be satisfactory.

With this explanation, it is hoped
that those not having their property
raised to more than its present value
will not make the work unneces-
sarily heavier on the board, but if
a just and real mistake has been
made by the City Council and the
Board of Equalization, then such per-
son is urged to bring the necessary
facts before the Board and have the
amount reduced or raised, as the
facts may justify; however, no prop-
erty will be raised to a higher figure
than notice calls for unless further
notified.

The Board would appreciate your
assistance and not your unmerited
censure; we are not responsible for
your tax rate, nor for the fact that
you have property and it is unbecom-
ing to criticise our motives; we real-
ize that we will make some mistakes,
but we are doing our best to make
them few and small.

J. E. Reno,
J. T. Westmoreland,
Frank S. Lesovsky,
Chairman Board of Equalization.

Baker Encouraged in Bell County

CANDIDATE FOR FLORIAL
REPRESENTATIVE—WELL
KNOWN OVER STATE

(Temple Telegram.)

O. D. Baker, candidate for florial
representative from Bell and Milam
counties, is in the city. Mr. Baker
has been in Bell county the past
several days, and has visited nearly
all the voting precincts and met a
great many people. He is a man of
wide acquaintance in Texas, and is
known to all the prominent pub-
lic men of the state. He has frequently
appeared before committees of both
houses of the legislature in the in-
terest of special legislation.

Mr. Baker's friends say that few
men in Texas have greater knowledge
of parliamentary procedure than he.
He has no pet schemes of legisla-
tion to offer in support of his can-
didacy, they declare, and he is a prac-
tical man, and has been successful in
the conduct of his own business af-
fairs, and those who know him have
confidence in his ability to creditably
represent the people of this florial
district.

Mr. Baker says that he favors lib-
eral support of the rural schools and
institutions of higher learning in this
state. He declares he believes that
in the youth of this country lies the hope
of the American people in the per-
petuity of our democratic institutions.
"I would, if I could, provide all the
facilities necessary to make every
country school a high school," he
said here last night.

"I am opposed to excessive appro-
priations of public funds, but do not
favor a niggardly policy on the part
of our state government, so as to
cripple the efficiency of the different
departments.

Texas is a rapidly growing and
developing state. Its population is
growing at a rate unprecedented. Our
people must keep step with the
march of progress. All of our state in-
stitutions must be amply supported
if our state is to meet its destiny, that
of the greatest in the union.

"I favor the limiting of taxation
to meet the requirements of a gov-
ernment honestly and economically
administered. I am heartily opposed
to the proposed state tax on income.
In the restricting of the state into
congressional districts as a result of
the last census I would endeavor to
so arrange a district where it will be
possible for a Bell county man to be
elected to congress. I am opposed to
the state's retaining a lien indefin-
itely upon real estate by reason of de-
linquent taxes.

"Limitation should run against the
state in such instances after four
years so that innocent persons should
not be compelled to pay back taxes
for a period of twenty years. If the
state is not big and strong enough,
with all the machinery of the courts
at its disposal to collect the taxes
due within four years, it ought to
lose them."

Mr. Baker believes in giving all
men a square deal, regardless of their
lot in life. He would oppose grant-
ing special privileges to any class, but
advocates that all men stand equally
before the law.

Mr. Baker spoke before the people
of Killeen Saturday afternoon, and
will make a close canvass of the
county and district. He will speak
at several points in Bell county this
week.

Mr. Baker returned from Bell coun-
ty this week and while in Cameron
declared that if his support comes up
to expectations in this county he will
win. Mr. Baker should have the solid
support of Milam county voters in his
race because of his fitness for the of-
fice and disposition to make an unself-
ish and democratic representative in
the legislature.

Pat Neff's Land Plank

In his platform and in his campaign speeches Mr. Neff says:

"Texas has one hundred thirty million acres of uncultivated land. Most of this land is owned by a small number of individuals. One person is holding, unimproved, three million acres of agricultural land, while another is keeping for speculative purposes an area larger than the State of Rhode Island. Some ten people own over a million acres, each, while more than fifty hold title in excess of one hundred thousand acres, each. There are more than five hundred thousand families in Texas that own no land. Just this plain statement as to the manless land and the landless man suggests to every thoughtful mind a serious problem. * * * Is it wise, my friends, for Texas to permit a few people to hold for speculative purposes her agricultural lands unused, while thousands of our people are clamoring for homes, and while humanity is starving for the products of the soil?"

As a remedy for this evil, Mr. Neff states that these lands should be classified, as now provided for the purpose of taxation, and that all undeveloped land which is classified as purely agricultural should have, above a certain acreage, a graduated land tax and an inheritance land tax assessed against it, making it unprofitable for few owners to hold, in idleness and for speculative purposes, vast areas of agricultural lands, and thereby encouraging and causing such owners either to improve these lands, or to sell the land and let others improve them—further suggesting that perhaps the tax he proposes should not apply to one who owns less than thirty thousand to forty thousand acres, and that such tax should not apply to lands in cultivation but only to these vast tracts of unimproved lands.

Without discussing the land question, or offering a remedy for the manifest evil pointed out by Mr. Neff, Mr. Thomason states that he is opposed to the graduated land tax and the inheritance land tax suggested.

Thus, it seems, Mr. Neff favors, and Mr. Thomason opposes, a law which would cause or encourage those who own, and hold in idleness and for speculative purposes, millions of acres, each, of agricultural lands to improve such lands or to sell them and let others improve them. The one favors, and the other opposes, a law which would encourage the development of the idle agricultural lands of Texas.

Mr. Neff points out a manifest evil. Does Mr. Thomason deny its existence? Mr. Neff suggests a remedy. Mr. Thomason opposes it, but does not offer another.

OAKDALE NEWS

By Mrs. S. Hause

Miss Bernice Nicholson and Mr. Atkinson of Fort Worth married in Cameron. Miss Bernice is one of Milam county's best teachers. She has been teaching for seven or eight years, and has made good. Mr. Atkinson has done well indeed to secure one of our best girls. They went from Cameron to San Antonio, from there to Corpus Christi and from there to his home in Fort Worth. We hope them all the good things of life, and regret to lose her as a teacher and friend.

Mr. and Mrs. Childress of Bell county came to see her home folks Saturday and returned home Sunday evening.

Mrs. John Baldwin came home from Rice last Thursday from her son's.

Mr. and Mrs. Perry Robinson and children of Rice spent Sunday with the A. R. O'Neal family.

Mr. Dick Westbrook of Liberty has been a visitor in our neighborhood recently.

Mr. and Mrs. G. W. Batey had a nice crowd Sunday night, and while there they had some singing.

Mrs. W. A. Belt and children spent Sunday at Liberty with the Jim Stewart family. She said she had the best time she has had in several months. Most people will remember that Mrs. Belt has been sick for most two years.

Hugh Wimberley has gone back to the Santa Fe to work. He had been rather sick the last week but thought he could hold a job down, and went to Somerville and will be there some time. Guess the young people will miss him as he was one of the boys.

Mr. and Mrs. Sid Hause went to Cameron Friday morning, and from there to Walkers Creek and spent the night with his daughter, Mrs. J. D. Link and his son Ed came home with him and will spend a few weeks here. He felt like Sid's yard needed the weeds cut and is at it this morning.

Mr. Walker Arledge of near Rockdale has been to see his sister, Mrs. A. R. O'Neal and brother, Mr. John Arledge of near Milano.

Mrs. E. L. Garner and son, Marshall went to see relatives at Cameron Sunday.

Mrs. J. H. Ashenbeck and son, Theo, were in Cameron Sunday.

Mr. Lee Cook who has been working at Brackenridge, Texas, came to see home folks Saturday, but will return this evening.

Mr. and Mrs. George Murphy of Rogers were out one day last week buying watermelons by the wagon load.

Mr. R. F. Wuencher and family of Lyons stopped one day last week. They had been to see relatives at Lampasas.

Mrs. Arnold Ashenbeck and sister and her children, all of Jones county, came last Thursday to see Mrs. J. H. Ashenbeck and Saturday evening Mr. Theo took them in his new car to Milano to spend a short while with their sister, Mrs. Morgan. They of course will spend some of their time with relatives at Burlington.

Oscar Crawford and family were in Milano Thursday night with their sister and all had a good time eating ice cream.

The Wimberley family family had company from Cameron Monday, Mr. W. H. Miles.

Prospect is to have a barbecue and working at Prospect next Wednesday, and want all that will be there and help work and eat all they can.

Prohibition Record of Thomaosn and Pat M. Neff

In the Democratic primary election of 1916 the question of submitting the prohibition amendment to the State constitution was voted on. This was a statewide vote and submission carried by a majority, and thus became a platform demand of the Democratic party. Mr. Thomason, a Democrat, was a member of the legislature; and when the question of submission came to a vote in the House of Representatives he voted with the anti-prohibitionists against submission and it failed by two votes, one of which was his vote. He now attempts to excuse his vote against submission on the ground that the majority in his district voted against it. That is, the subterfuge presented by the anti's at that time to excuse weak kneed legislators. Thomason fell in line with the anti's, and his vote and one other of the same kind defeated submission. It therefore required a second instruction from the people which was given in the Democratic primary of 1918 before this prohibition amendment was submitted for adoption.

In the same legislature Mr. Thomason did not vote for the bill prohibiting the shipment of intoxicating liquor into dry territory and, without any vote or other instruction from his district, aligned himself with the anti's and voted against the resolution urging the President to prevent the use of food stuffs for the manufacture of intoxicating liquors until after the war.

This may be a good prohibition record. If so, Jake Wolters and W. T. Bagby have good prohibition records. We may well ask Mr. Thomason, "Do men gather grapes of thorns or figs of thistles?"

While Thomason was helping the anti's to defeat prohibition in the legislature, Neff was serving as Chairman of the Prohibition forces in McLennan County; and under his leadership that county, the second of the big counties of the State, went into the dry column.

EXPERIENCE PROVES QUININE IN CAPSULES UNRELIABLE

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. ——. I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind. Mendenhall's Chill & Fever Tonic is in solution quickly absorbed by the stomach so pleasant to the taste that children will ask for it. Mde with and without arsenic. Sold by Avera's Drug Store.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder. "Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

CAFETERIA LUNCHEON.

Last Thursday at high noon Mrs. Tom Denson complimented her guest, Mrs. W. T. Ledbetter, of Dallas, by inviting in fifteen of Mrs. Ledbetter's friends to "break bread with her."

Red cypress brightened the living room, while the dining room was in pink roses.

When the greetings were over and at 12:30 o'clock the guests entered the dining room they found the table laden with everything their taste could demand—chicken salad, fruit salad, tomatoes, sandwiches, olives, pickles, ice tea, ice cream and cakes. The buffet held the china, silver, cut glass, and the ladies were bidden to help themselves.

Some of the younger ones bade the more elderly ones to be seated, and they would help them, and in a charming, informal way the luncheon was enjoyed.

The ladies remained for an hour or two in the pleasant intercourse with their hostess and her guest, then took their departure, thanking Mrs. Denson for a pleasant day, never to be forgotten.

Those present were: Mesdames W. T. Ledbetter, P. O. Adams, John Dobbins, Tom Henderson, Wm. Henderson, R. H. McIntosh, H. J. Beckerman, John Dobbins, Mattie Batte, Ira Key, A. N. Green, J. C. Martin, and Miss Edna Sprinkel.

MISS GEORGE COMPLIMENTED.

Last Wednesday afternoon at five o'clock Miss Grace Gillon received twenty-five of her friends to introduce her guest, Miss Vida George, of Fort Worth.

The guests were asked to bring their needle work, but it was the warmest afternoon of the season and almost impossible to work. An hour was spent rendering music. Misses Mamie Black and Helen Flynn played beautiful piano selections, after which with Miss Black at the piano, Miss George the violin, Mrs. Ira Perry sang.

Ice cream and white cake was served by Misses Cornelia Wallace and Louise Gillon.

Out of town guests were: Mesdames Brooks McLane, of Kingsville, Ira Perry, Williams of Alva, Vernon McIntyre of Marathon; Misses Vida George of Fort Worth, Ruth Herring of Waxahachie, Mamie Black of Corpus Christi, Jackson of Kansas.

NICKLESON-ATKINS.

Last Saturday afternoon at three o'clock, at the Presbyterian manse, with Rev. Henry McFadyen officiating, Miss Bernice Nickleson of Hoyt and Mr. John Atkins of Fort Worth were united in marriage.

The brother and sister of the bride and Mr. Will Yates were present.

The bride wore a lovely suit of midnight blue tricot with accessories to match.

Mr. Atkins who wooed and won one of Hoyt's fairest and best daughters, is a young man of fine character and is a contractor in Fort Worth, where they will make their future home.

The Herald and all who know them wish for them all the best things of life.

The Women and the Ignorant Men

In his speech at Cameron on July 8th, Mr. R. E. Thomason, candidate for Governor, stated that he favors a law for the protection of "the women and the ignorant men" from stock swindlers. If Mr. Thomason feels a real solicitude for "the women and the ignorant men," as a class, it is commendable of him to gather them together under the protecting wing of the law, even "as a hen doth gather her brood." But whence his information that "the women and the ignorant men" constitute a class whose protection is the subject of specific legislation? This smacks slightly of the old-time argument against women suffrage, albeit Mr. Thomason says he favors votes for women.

Some of the women of his audience were heard to remark that Mr. Thomason might take care of the ignorant men, but that the women would take care of themselves by electing Pat Neff Governor of Texas.

as their guests last Saturday night.

After partaking of a delicious supper, a party of young men joined them for a box party at Wonderland Theatre. Games, music and conversation followed, after which the girls talked all night and slumbered next day. Those of the party were: Misses Elinor Phillips of Rockdale, Edith Loyd of Nacadoches, Louise Hearrell, Kate McCall, Reba and Gene Cheeves and Messrs Cecil Barmore, George Childress, Ralph Jackson, A. G. Campbell.

Mrs. J. D. Hefley returned last Friday from a visit to her sister at Houston.

Mr. and Mrs. Walter Hitt of Taylor spent the week-end with Mr. and Mrs. T. N. Lindsey.

Mr. and Mrs. Myer and baby of Rockdale motored over last Wednesday evening for a visit with Mr. and Mrs. Morrison.

Mrs. W. T. Ledbetter of Dallas is a guest in the home of Mrs. Tom Denson.

Mrs. Tom Henderson, Jr., left Sunday for Clemens, Mich., to spend a month with her parents, Mr. and Mrs. W. T. Stone.

Ask Mr. W. T. Hefley the cause of the perfume (?) around about his lake. He will tell you that in two days he shot and killed four big black tipped with white polecats that were playing havoc with his chickens. This is no fish story for the writer beheld the slaughter after it was done.

GOOD MUSIC

On Monday night a few lovers of good music gathered at the home of Mr. and Mrs. P. O. Adams and enjoyed some fine music.

Miss Louise Adams, the daughter of the home, although quite young, has a voice of rare quality and great promise.

Miss Vida George rendered several selections on the violin alone, besides accompanying the singers.

Mr. Mack Harvey added much to the pleasure of the evening with his pleasing voice.

After the musical feast Mrs. Adams seated all present around her snowy white board and a social hour was spent while enjoying ice cream and cake.

Those present were: Mr. and Mrs. Mack Harvey, Misses Vida George of Fort Worth, Jewel Joslin, Grace and Louise Gillon and Mrs. W. A. Gillon.

Mr. and Mrs. T. N. Lindsey took their daughter, Miss Grace, who was quite ill last week to the Sanitarium at Temple on Tuesday afternoon.

Mrs. Vernon McIntyre of Marathon left for her home last Friday after a visit for a week with home folks.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Thomason Supporters Satisfied With His Record

The ardent Neff supporters are urging that Mr. Thomason is a raging anti. If Mr. Thomason is such a violent anti as they would have you believe he is, it is strange a legislature which was 90 per cent prohibition elected Mr. Thomason speaker without opposition. It is also strange if he is such a strong anti why Mrs. Minnie Fisher Cunningham, strong in the prohibition faith, Mrs. Jessie Daniel Ames of Georgetown, President of Texas League of Women Voters, Mrs. W. E. Spell, Delegate at large to the National Democratic Convention at San Francisco, Miss Neal of Carthage, also a delegate to the Democratic Convention are supporting Mr. Thomason for Governor.

The many friends and supporters of Mr. Thomason in Cooke and El Paso counties, where he has lived all his life, his supporters in Milam County and elsewhere are satisfied with his record on prohibition and Woman Suffrage.

EAT LESS MEAT

IF BACK HURTS
Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and primary organs clean thus avoiding serious kidney disease.

Thomason's Suffrage Record

In the days when standing for Woman Suffrage was unsafe politically speaking, Mr. Thomason not only was an advocate, but he was a public defender of the justice of the cause, on the floor of the house.

He voted for the Primary Suffrage bill and during the submission campaign in 1919, he worked vigorously in his district in an attempt to carry the amendment.

To the work of ratifying the Federal Suffrage Amendment in June 1919, he gave every possible assistance.

A Straw Vote.

The Free Lance is a periodical published at Paris, Texas by the Rev. R. P. Shuler. The editor of this periodical during the past few week has taken a straw vote on the Governor's race, which shows Pat Neff decidedly in the lead. The Editor of the Free Lance, it seems, is supporting Mr. Looney, but is very friendly to the candidacy of R. E. Thomason, and attempts to make some excuse for the poor showing of Mr. Thomason in the straw vote taken. However, in the same issue (July issue) and under a different heading the Editor of the Free Lance makes this admission: "At this writing, it looks to the Editor as though Neff would go under the wire a neck ahead."

MILAM COUNTY BOY WHO WILL MAKE TRIP WITH TEXAS FARM SPECIAL

Scott McGuire

This energetic Milam county farm boy, Scott McGuire of Maysfield, has been chosen as delegate from this county on the farm special which will leave A. & M. College August 7 for a tour of the agricultural regions of central United States and Canada.

His tour on the special train which will carry scores of farm boys from Texas, is being financed by the three banks of Cameron.

The photo is that of Scott McGuire taken some time ago with his six months old mule colt. He is the owner of a nice Duroc Jersey sow, two litters of pigs, eight the first litter and seven the next. He is very much delighted over his coming trip and will make an effort to give a complete report of the trip to his farm club associates when he returns.

It has been urged by some Mr. Neff should receive the vote of Milam County on account of McLennan County being a neighboring county.

Milam County has been in the same Senatorial District with McLennan and Falls counties for a long time. McLennan and Falls have elected the Senator each time for the past twenty years. Whenever a candidate from Milam County offers for the Senate, McLennan county votes against the Milam County candidate and having a larger vote elects the Senator.

Milam County owes McLennan county nothing politically. Vote for Thomason for Governor.

CAMERON HERALD

Mrs. Patterson States Facts in the Case:

In view of the fact Mr. Neff devoted about ten minutes of his speech when he spoke in Cameron explaining his employment in the defense of Watson for the killing of John S. Patterson, Commissioner of Insurance & Banking, while in the discharge of his duty, we submit to the voters of Milam county the following letter from the wife of the slain man:

Dear Mr. Pedigo:

I have tried so hard to put aside and dwell as little as possible on the injustice that has been done my husband, knowing that he has gone where the unworthiness of men can not harm him. However, I appreciate your action in the matter and will state as nearly as possible the facts in the case.

My husband always considered Pat Neff one of his warmest friends. They began the practice of law about the same time at the Waco bar, and while Mr. Patterson lived at Moody, his practice took him to Waco several times each week. Naturally, he formed warm friends among the young lawyers, always speaking of P. N. as among the closest. The years went by; my husband never failed to give him support whenever he sought an office. They called each other by their given names and acted in the customary way for men who are friends. Not a month before my husband's death he remarked to me that P. N. would likely be in the next Governor's race and that he expected to support him.

When we brought Mr. Patterson to Waco, Pat Neff was the first to meet us. Soon the sanitarium was thronged with Waco friends and hosts of relatives from Moody. The doctors were anxious to keep the room free of people on account of my draling's labored breathing. Most everyone came out of the room, I, myself, sitting in the door way. But this "mere acquaintance," as he called himself, who "only came because Cullen Thomas had phoned him and asked him to make inquiry as to Mr. Patterson's condition," stayed by his bedside and shed bitter tears, although Cullen Thomas had already come, been in the room and gone out on the porch, realizing how precious the oxygen was to my dying husband.

The morning passed, but this "mere acquaintance" remained in the sacred chamber where we only want those who love us. When the end came, he asked to be allowed to take me to the hotel, although my sisters, brothers and numerous relatives were there to do so. My sister and I went with him and he was the last to say good-night.

So many people say he was manifesting all this interest in order to try and get in the case. He and his God only know as to that; all I know is that my husband counted him among his best friends, and his actions in my husband's death chamber made me think he had a strong love for him, and quite naturally named him as one of the pall-bearers.

A few days later after the burial, Pat Neff phoned and asked to see Mr. J. C. Reynolds, President of the First Nat'l Bank at that place, my brother, and me on business. I was in bed, but thinking it a friendly mission made an engagement to see him. We were dumbfounded when he told us that the demon who had murdered my husband wanted him to defend him.

Mr. Reynolds, my sister and brother told him plainly he could not afford to do such a thing; he urged his warm friendship and his intimate knowledge of his life as a reason for his taking the case, saying he would see to it that no mean, insinuating thing would be said against him. I told him that there was nothing that could be truthfully said against my husband; that if he went into the case he would hurt himself and not my husband. He left, saying he would phone next morning. He phoned Mr. Reynolds and asked him if we took the skin off him after he left. Mr. R. and they are of the same opinion that I am; we do not see how you can do it, but if you really want to do so, we have nothing more to say. Meaning that if his standards of honor were no higher than that we did not consider him worth our notice.

Thanking you again for your interest in the matter, with best wishes for you and yours,

Respectfully,
EDNA C. PATTERSON

Endorsing the Candidacy of Mr. Thomason

The Houston Chronicle, a daily paper, strong for prohibition, and woman's suffrage, is actively supporting Thomason for Governor. Below is given an editorial clipped from the Chronicle of date July 12, 1920:

THE GUBERNATORIAL CONTEST

In the contest for the democratic nomination for governor of Texas, The Chronicle has heretofore urged that the voters concentrate upon either Thomason or Neff.

With two such strong candidates, each splendid gubernatorial material it is difficult for the Chronicle to advocate one as against the other, but in order to prevent a second primary a definite choice should be made. Looney, who has a record that commends him to many voters and who has served the people well and faithfully, does not seem to have the strong following of either Neff or Thomason, and Bailey is an impossibility.

But without definite concentration Bailey may get together sufficient strength among the disgruntled and anti-Wilson democrats to force a second primary. For that reason, and believing that Thomason has the strongest following, the Chronicle urges all good democrats to get behind the El Paso man.

He has proven himself an able legislator, he has been right in all the big issues confronting the state and nation. His platform is sound.

Thomason defeated Bailey in Bailey's home county. He challenged Bailey to trust his fortunes to the May convention, and Bailey refused.

Delegates to the San Francisco convention named Thomason their choice for governor in the following ratio: Thomason 84; Neff 32; Looney 23; Bailey 4.

Delegates to the Rotary Club convention gave the following vote: Thomason 68; Neff 59; Bailey 16; Looney 4.

Other straw votes taken in other parts of the state show that Thomason is the first choice, with Neff a strong second.

Together they will overwhelmingly defeat Bailey, but unless the voters now decide upon one of them, the

Bailey vote may necessitate a second primary.

That would result in the final and complete elimination of Bailey, but why wait?

Do it now. Pick Thomason as the winner and make his vote so large that the first contest will decide the question.

Get rid of the Bailey influence on July 24.

Hearne Democrat on the Governor's Race

"Mr. Thomason is unquestionably the one anointed by the inner circle of the present State administration, including the administration machine and the appointees, to succeed Governor Hobby and perpetuate the present policies and official family."—Hearne Democrat.

It seems from the above that the Editor of the Hearne Democrat, Mr. J. Felton Lane, an able lawyer and a well informed newspaper man, has the political situation pretty well sized up. On the editorial page of his excellent paper, Mr. Lane further suggests that the plain Democrats from the towns, from the farms and from the various walks of life will name their candidate for Governor on the fourth Saturday in July and states: "In our humble opinion it will be an overwhelming endorsement of the candidacy of the plain Democrat from Waco, Pat Neff."—Hearne Democrat.

MAKE COCA COLA FROM PLANT HERE

TEMPLE CONCERN OPENS BRANCH BOTTLING WORKS IN CAMERON THIS WEEK

The Coca Cola Bottling Company of Temple has established a branch plant in Cameron and the announcement is made today by the branch manager V. A. Pylant that the plant here has begun operation.

The plant here will manufacture Coca Cola as well as high grade soda waters of every flavor. It has been several months since Coca Cola was manufactured in Cameron and the establishment here of the plant will be welcomed as this drink whether bottled or from fountain is popular and meets with great demand.

T. M. Nabers, president and general manager of the plant at Temple was in Cameron early this week to look after his interest here and to witness the first operation of the plant. J. I. Martin is secretary and treasurer of the company.

The new plant is located in the brick building opposite the offices of the Jeter Lumber Company. All available modern machinery has been installed for bottling the drinks. The company now has in operation two motor trucks, one for the city and the other for the rural trade.

The plant has the right to manufacture exclusively Coca Cola in Bell, Milam and Falls Counties. The manager, Mr. Pylant, has been engaged in the business for fourteen years and is conversant with the needs of the business.

Mrs. Billie Marek and daughter went to Rosebud Monday.

Thomason for Governor Club

El Paso, Texas.

To the Democratic Voter of Texas:

The Thomason for Governor Club of El Paso County endorses the candidacy of Robert E. Thomason for Governor in the Democratic primary election next July.

He is a man of strong character and broad sympathies. A fine lawyer, a successful business man, and an executive of tried ability. He is forty-one years old, was reared on a farm in Cooke County, Texas, attended country schools, the Polytechnic College, and later graduated at Southwestern University at Georgetown. He is also a graduate of the law department of the University of Texas.

For four years he was prosecuting attorney of the Gainesville district. He moved to El Paso eight years ago and has taken a foremost place in the civic life and development of West Texas.

He has been twice elected to the Legislature from this county on a platform of clean government. As a testimonial of his fitness for public service, he was this year elected Speaker of the House of Representatives without opposition, and there has never been an appeal from one of his rulings.

He is author of the present Clean Election law, joint author of the Zone Bill which removed liquor from near the army camps and for years has been an ardent advocate of Woman Suffrage. As a law maker he has been keenly alive to the business, educational and patriotic needs of the State.

Mr. Thomason will make a vigorous campaign on a live, progressive and constructive platform.

A vote for Robert E. Thomason in the primaries is a vote for a better and more prosperous Texas. His ability, courage, poise and sincerity eminently fit him for this high office.

Sincerely yours,
J. M. GOGGIN, President

BAUER NO. THREE WELL DRILLED IN CREATES EXCITEMENT

MORGAN & BURGESS ENTERS
PAY AT 650 FEET AND HAS
GOOD SHOWING

(Rockdale Reporter)

Saturday afternoon the Bauer No. 3 was placed in the oil well class when Messrs. Morgan & Burgess, contractors drilled into pay sand. A good showing of gas was encountered at 550 feet and held up strong until the oil sand was entered at 650 feet. The sand was penetrated at 647 feet and drilling continued until the bit was three feet in the sand. The well was immediately capped, awaiting the arrival of the company officials. No official estimate of the amount of oil this well will produce has been given out, but conservative figures place the quantity of anywhere from 10 to 50 barrels daily.

This is the third hole drilled on the Bauer tract, the first having been drilled to a depth of 500 feet by Messrs. Taylor & Allen for the Kennilworth Oil Company, but which resulted in a crooked hole. The rig was skidded to a new location and operations started on the second well. At this period of the game the holdings and machinery of the Kennilworth Company were taken over by W. A. Quebedeaux and the well put down to five hundred or more feet. This second well produced quantities of gas with several fine oil showings. Through a cave in this well was put on a fishing job and finally abandoned.

The Bauer No. 3 was spudded in during the last days of May and work continued steadily up to last Saturday when the well was plugged in. Future progress of this well will depend on the action of the company which owns it.

This well is in the Rockdale field proper and is not to be compared with the shallow wells of the Tracy field. Messrs. Morgan & Burgess state that they entered at 647 feet a pure oil bearing sand. The fact that this well is located this side of the river and taking into consideration the depth at

which the oil was struck leads one to hope that a new oil bearing strata has been found, and one that will produce oil in commercial quantities. It is the opinion of oil operators who have visited this well that it will be developed into the best producer ever drilled either in the Rockdale or Tracy field.

Tris is the first well in the local field to really excite the citizens of Rockdale. All day Sunday and Monday hundreds of autos were going to and from the Bauer location. While nothing definite could be learned of the operators, the mere fact that Rockdale people had looked upon what has the ear mark of something tangible in the way of real oil well repaid everyone for their trouble of making the drive.

The Avo Oil & Refining Association last week got their first well on the Gilleland tract in the Tracy field. This well is now standing full of oil. Manager Skinner states it will be placed on the pump at an early date. He believes this is a good well and places the probable output at from five to ten barrels of oil daily. He has forwarded a five gallon sample to President H. Welge at San Angelo. The company officials are expected to arrive in Rockdale soon and further development will be taken under advisement. Work has been closed down on the Richard tract west of town on account of quick sand. Driller Gardner states that a rotary attachment will be placed in this well to facilitate cleaning. Hopes are entertained that this well can be cleared and put in the producers class. Manager Skinner is putting forth every effort to make a success of this job, and those interested are wishing him the best of luck.

Ferguson & Hess have completed the well on the Batt farm started by Foster Davis of the Tracy-Maysfield Company. This well was drilled to the oil and the rig moved to a location near Sharp.

A company composed of Rogers citizens have placed a star 30 steam rig on the Robert Isaacs farm, one mile due north of the Bauer No. 3. Work will be rushed on this location. Hoewenstein & Smith are the contractors.

Mr. B. M. Williams of Alexandria, Ala., joined his wife and baby this week in a visit to his wife's sister, Mrs. R. L. Batte.

IF BACKACHEY OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of
Salts Before Eating
Breakfast.

Uric acids in meats excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grape and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent

For Stores and Offices

MULTIPLY the square feet of waste space in your store or office by your present cost of rent and it will give you the annual dollar and cents loss that can be turned to profit.

Business and professional men everywhere are converting unused space into money by the use of strong, rigid, Cornell panels, that take the place of lath and plaster.

"Cornell 32" Ideal for Shop Interiors

Cornell Wood Board, which makes charming panel designs, is ideal for finishing walls and ceilings of shop interiors, especially the 32-inch width called "Cornell 32."

It is economical—because it is quickly and easily applied. Furnished in various lengths in both the 32 and 48 inch widths. No waste in cutting.

It is permanent—because triple sizing protects against moisture, expansion and contraction. The makers guarantee that Cornell will not warp, crack, buckle or chip if directions for applying are followed.

It is pleasing in appearance—because Cornell has an attractive oatmeal finish. Milled primed surface (both sides) saves cost of sizing coat.

Call at our yard today for Cornell samples and estimate.

Cornell comes in 32 and 48 inch widths, called "Cornell 32" and "Cornell 48"—8 different lengths, 6 to 16 feet

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Sabriel, July 13th.—Henry Yeager is now home from the State University, to spend his summer vacation.

Mrs. Bob Lee, son and daughter of New Mexico, are guests of relatives of this vicinity.

Mrs. Tiny Lensey and baby visited relatives in Rockdale the past week end.

Mrs. Lee Williams of Georgetown is a guest of her son, Edgar, at present.

Miss Gladys Robinson of Davilla, was the week end guest of her cousin, here, Miss Fay Felton.

Robert McNeil of Rockdale is spending this week here, with his cousin, Harry Woody.

Mr. and Mrs. Walter Felton are entertaining a new baby girl that arrived at their home Saturday.

Master William Glasscock has been listed with the sick since last writing. J. S. Woody was in Cameron Monday.

Miss Ella Yeager is home for her vacation till September.

Master James Guthrie spent last week end with his grand parents, Mr. and Mrs. Frank Davidson in Rockdale.

Mr. and Mrs. J. R. Foster came up from Rockdale and spent last Sabbath with their daughter, Mrs. John Woody and family.

Mrs. Roberts was home Sunday from San Marcos where she is with her daughter, who is attending Summer Normal there.

Rev. Ferguson closed a series of services Saturday night. The meeting began here the previous Sunday.

Messrs. Jamie Clark and Goble Yeager returned from Arizona last Wednesday. They did not make a purchase of the government lands of that State, as the choice locations had all been claimed.

Hayden Perry and family of Temple spent the Sabbath here with his sister, Mrs. Walter Felton.

Will Lee spent last week end in Galveston.

Miss Ruth Barmore of Maysfield, is a guest of San Gabriel friends this week.

Messrs. Goss and T. P. Adams motored to Rockdale Friday.

W. H. Camp is making new repairs on his gin, preparatory for the fall work.

Harry Gamble is suffering the pain of a broken arm at present, sustained by cranking a truck last week.

Miss Cora Kirkman is entertaining a friend from Beaumont this week.

Misses Eula Gilchrist, Virgie Winford, Ruby Willy, Verna Roberts, Velma Isaac came in Saturday from San Marcos to spend the July holiday with parents.

On his return from Thorndale Saturday morning, Mr. Walter Clark wrecked his automobile in passing another that he met, slightly damaging his car, but resulting in no serious damage to himself except a jar.

Leonard Locklin has been suffering intensely from blood-poisoning contracted by opening a small pimple on his hand, with his pocket knife. He made frequent visits last week to Cameron for treatment in the Sanitarium there.

Mr. and Mrs. John Moore and daughters were in Salty community Sunday.

J. D. McNeil and little son, Marshall, of near Rockdale, were Sunday visitors in the home of J. S. Woody.

Mr. and Mrs. Ben Norman are the happy parents of a baby boy, born last Saturday.

Mr. and Mrs. Arthur Scruggs and sister of Thorndale attended church here Sunday.

The Christian revival meeting begins at San Gabriel Friday night of this week. Everybody cordially invited to help us with your presence.

Mr. Max Cummings is proprietor of a cold drink stand opened for business the past week in this village.

Little Misses Ova Lee and Gracy Mae Middleton are visiting their grandparents in Lampasas this week.

It is said: "Once a man and twice a child." We see that clearly verified when we met the bright faces of Mr. W. S. Glasscock, 60 years of age; Mrs. 56 years of age; Uncle Dave Wilson, 84 years old; Mrs. Mary Richardson, 83 years old; Mrs. Whitfield, 76 years old and also others of corresponding years from our community at the shw in Thorndale one evening last week, stating as much that the old enjoy amusement occasionally, as well as the youthful and each expressed the entertainment splendid.

Dr. Crockett of Thorndale was called to our community Saturday.

Miss Marie Moreley attended the Thorndale picnic Saturday.

CAMERON LUMBERMAN BACK FROM TRIP TO THE WEST

R. P. Jeter, Cameron Lumberman, with his wife and two sons, has just returned from a two weeks' outing in the West. Leaving Cameron two weeks ago by motor, the family went to West Texas and the Guadalupe river for a camping and fishing trip. In all the family was away 15 days and Mr. Jeter declares it rained 10 of the fifteen days.

At Junction City Mr. and Mrs. Jeter were met by Ben Grimes, former resident of Cameron and publisher of the Enterprise who with his family went to the Guadalupe and Llano rivers with their Cameron friends.

Mr. Jeter reports bass fishing good in the mountain streams. The trip was very pleasant in every detail.

Pat Neff Was Not Like Other Boys

Extract from biographical sketch of Pat M. Neff by Dr. S. P. Brooks, in "A Collection of Twenty-three Addresses by Pat M. Neff:

"It cannot be said that he was like other boys. Strange to say, though a Texan born and rustic, to this day he has never shot a gun, baited a fish hook, used tobacco in any form, nor drunk anything stronger than Brazos water. He does not know one card from another and cannot play any kind of a social game."

Mr. Thomason in his Brenham speech said: "I will ask that all the voters whoever baited a fish hook and shot a gun to vote for me and Pat Pat Neff can have the rest of them."

Have Ford Mechanics Repair
Your Car

The mechanics in our shop who will adjust or repair your Ford car, or Ford Truck, are men who understand the Ford mechanism and who know the Ford way of making repairs or replacements. They are experienced Ford mechanics and because of their familiarity with Ford cars can do your work more intelligently and more quickly than can other skilled mechanics who lack Ford experience.

The work on your car will be done in a completely equipped shop with time-saving Ford tools and equipment. Whether your car needs an adjustment or a thorough overhauling, we are prepared to give you careful and prompt service. And nothing but Genuine Ford-made parts and replacements will be used. When the work is finished, the charge will be reasonable, standard Ford prices.

Our stock of Ford parts is always complete. And our Ford Garage and Ford mechanics are at your service at any time. We are authorized Ford Dealers and not only repair Fords but sell them. Drive in or phone—be fair to your car and your pocketbook.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS

County of Milam.
Notice is hereby given that an election will be held on the 24th day of July A. D. 1920, at Briary School House in Common School District No. 84 of Milam County, Texas, as established by order of the County Commissioners' Court of Milam of date the _____ day of _____, 19____, to determine whether or not a tax of and at the rate of 25c on the \$100 valuation of taxable property in said District shall be raised to a rate not exceeding 50c on the \$100 valuation for the purpose of supplementing State School funds apportioned to said district and to determine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

G. W. Follis has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."
And these opposing shall have written or printed on their ballot the words:

"Against increase of school tax."
Said election was ordered by the County Judge of this county by order dated the 23rd day of June A. D. 1920, and this notice is given in pursuance of said order.

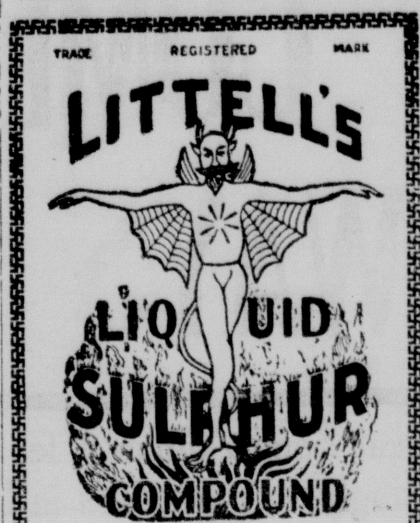

Dated the 23rd day of June A. D. 1920.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetters, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor was putting up a medicine for diseases of the blood that cured the worst cases and time proved that the cures were permanent. After many years I secured the prescription, being a druggist, and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medicinal properties set down as follows: "A specific in its influence upon all glandular structures of whatever character, it is also a blood making remedy of great power. Acts directly upon the skin and is indicated in eczema, itching, sores, ulcers, pimples and skin eruptions of whatever character. Employed in chronic rheumatism, catarrh, constipation, stomach, kidney and

liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

Special Steels add Life to the MAXWELL

These steels are the product of the highly developed Maxwell laboratories, where steels have been studied, analyzed and tested for years.

They are made to Maxwell's own formulae and enable the Maxwell to stand punishment that few cars can meet successfully.

They lessen the task of the engine and make it more responsive, quicker

in action and a delight to handle.

These are some of the virtues which have won friends for the Maxwell in ever increasing numbers and give it a longer life than many cars of higher price.

Today there are approximately 400,000 Maxwell's on the world's highways. The year 1920 will add 100,000 more.

Baptist Revival Meeting To Close Sunday Night

HENDERSON WILL SPEAK FOR NEFF

CAMERON MAN WILL CHAMPION CANDIDACY OF WACO MAN FOR GOVERNOR

T. S. Henderson, Cameron attorney, statesman and orator, will speak in behalf of Pat M. Neff for Governor on the court house lawn in Cameron, Monday night, July 19, at 8:30 o'clock. Announcement of the speaking is made today by supporters of the Waco man for Governor. Issues of the campaign will be logically reviewed and the candidacy of Mr. Neff urged for the consideration of Milam county voters.

Mr. Henderson is a splendid public speaker and is one of the best known lawyers in Texas and is thorough conversant with the affairs of Texas and the issues in this campaign. The meeting is being advertised and a large crowd is expected to hear the distinguished Cameron attorney.

The Cameron Concert Band will play just preceding the speaking. The Neff campaign committee of which Judd G. Davis is chairman in Milam county is very active in behalf of Mr. Neff for governor and may arrange other speaking dates in the county before the election.

WILL MAKE WATER SUPPLY SAFE BY CHLORINE PROCESS

WATER COMPANY PLACES ORDER FOR EQUIPMENT TO MAKE WATER FREE FROM CONTAMINATION

The Cameron Water, Power and Light Company has telegraphed orders to New York for shipment of necessary equipment for giving the water supply the chlorine treatment, an improvement which has been insisted upon by the City Council.

This equipment is only to make the water safe by destroying bacteria and does not mean a filtering process as has been popularly supposed would be installed. When the matter was first brought up by Mayor Hearrell it was construed to mean that a filtering process would be installed. In justice to the water company it is well to state that is not the case and that no such improvement is being contemplated by them.

The chloride treatment is that which was used in France by the American army and the same as is being used in various sections of the country by towns using surface water. The treatment as explained by Mayor Hearrell and the water company will make the water safe for consumption, a condition which has not been heretofore obtained with respect to the water supply.

It is an admitted fact, however, that the treatment will not take the place of filtration and will not make the water clear and free from mud. Only a process of filtration at the cost of approximately \$39,000 will accomplish this result.

At the present time the water company under the instructions from the city council is cleaning out the settling basins to which water is pumped from the river. The water which has been placed into the mains during the past few days and which could not be used for either drinking or for domestic purposes with any degree of safety or satisfaction, was pumped from the river. The river has been swollen from recent rains.

Mayor Hearrell declares he assumes responsibility for the condition of the water during these days as it was under his orders that the settling basins have undergone a cleaning, thus forcing water to be supplied direct

Successful Campaign Waged By Church In Cameron.

The Baptist revival meeting, one of the most successful religious campaigns ever held in Milam county will be closed with the service Sunday night. The meeting will have been in progress 15 days Sunday when the last service is held.

On last Sunday the meeting went into its second week of progress with an increasing attendance and a deepening spiritual interest. Already many have been saved and a goodly number added to the rolls of the church. This week has been one of pronounced spiritual awakening with the noted Texas evangelist, Perry F. Evans of Fort Worth, putting all the force of a magnetic personality and energy, the appeal and power of a flaming gospel message into his sermons.

Last Sunday night saw the largest audience ever assembled for a religious service in Cameron. It is conservatively estimated that approximately 2000 people heard the evangelist speak. At the morning hour Sunday seventeen untied with the church.

There were equally as many to unit with the church at the evening service with several conversions, making the day one of victory for the church forces. Of special interest was the meeting Sunday afternoon at 3:30 when the Evangelist addressed the men of Cameron. Mr. and Mrs. I. E. Reynolds, singing evangelists who have had charge of the music and singing were at the meeting and sang several songs.

The men's service was a departure from the usual service held by evangelists when addressing an audience of men. Mr. Evans does not belong to that company of evangelists who indulge in improper debate but in speaking to men brings a simple and forceful message and always keeps their respect and admiration.

Wednesday Mr. Reynolds, who has been leading the singing and music left to fill an engagement at the Baptist encampment, having been previously secured for that meeting. He was able to give only ten days to the Cameron meeting. Mrs. Reynolds will be here throughout the meeting and will play the piano. Mrs. C. D. Lay is now leading the song services.

There has been a splendid co-operation from the various branches of the church during the meeting under the systematic plan mapped out by the pastor, Rev. B. B. Blaylock. Each evening the men of the church meet for prayer and also the young people and juniors hold daily prayer services. The women of the church hold prayer meetings each day with members of the circle.

It is planned to make the last day of the service Sunday the most active day of the campaign. Other churches of the city have co-operated with the meeting and on last Sunday night dismissed their services that the people might attend the revival. It is understood that there will be no services at the other churches Sunday night but regular services will be held Sunday morning.

Rev. Blaylock announces that the baptizing service will be held Sunday afternoon and definite announcement as to the time and place will be made prior to Sunday as well as at the Sunday morning service.

from the river without the advantage of settling basins treatment.

From reports current it appears that the question of a sanitary water supply with a filtering process is getting the attention of popular sentiment. The water company is not willing to install a filtering plant without an increase in the rate to bring in a proportionate income, and this from a business standpoint is logical. It now appears that the issue will be forced and the logical solution is for the

However, the people have a right to expect that the water supply shall be filtered and sanitary. The logical thing it now present is for the city to take over the system, a municipal policy which has been resorted to in practically every part of the country.

R. E. THOMASON SPEAKS IN INTEREST CANDIDACY FOR GOVERNOR HERE

R. E. Thomason, candidate for Governor, speaking to a crowd estimated at 2000 people here Thursday night in his first campaign address in Milam County, put his platform principles before one of the most responsive political meetings ever held in Cameron.

He declared he is making the race for governor on a well defined program of constructive policies for the State government and laid stress upon his campaign slogan, "more business and less politics." The crowd cheered Mr. Thomason when he declared himself unqualifiedly committed to the enforcement of law especially upon the question of prohibition which he said his record as a public official would show he was largely instrumental in its enactment.

Mr. Thomason was introduced by District Judge John Watson, who paid the El Paso candidate a distinct compliment for his achievements as a legislator and speaker of the House of Representatives and hailed him as "the next governor of Texas." The speaker was met here and entertained by the Thomason for Governor Club.

Mr. Thomason went into details as to his record as a public official. He declined to engage in personalities though stating that unfair and unjust attacks had been made upon him. "I am predicating this campaign upon a platform of principles with the single ambition to achieve great things for Texas and her people" said the speaker, but not one time did he mention the name of any other candidate for governor.

Speaking upon the question of organized labor and the industrial problems, Mr. Thomason declared that he is a friend to both capital and labor because their interests are so bound up as to make it necessary for them to be at peace and to move out upon lines of mutual understanding. Mr. Thomason drew applause when he urged his opposition of lawlessness and radical methods sometimes employed by labor to enforce its demands. He also sent a broadside at the profiteers and unympathetic capital with the thought of stating his position as one of fairness to both elements.

Denouncing the graduated land tax as a dangerous socialistic doctrine Mr. Thomason declared emphatically against the issue which he said was being advocated by a candidate for governor. He said he did not want to penalize thrift but believed that man should own all that he may honestly acquire. He said such a law would stifle investments of capital from other states and would depreciate the tendency upon the part of citizens of Texas to acquire holdings.

Mr. Thomason declared against the abuse of the "suspended sentence law" and said that if elected governor there will be fewer pardons. He said he favors prison reform that the state system of dealing with its prisoners will be more humane.

What is declared here to be one of the most pronounced progressive policy of a law which will compel power lines to permit people living in rural districts to get the benefits of power to harness the industry of the farm and to give the farmer the advantages of the city. This he said, should apply to gas lines as well as the other conveyors of products for modern utility. He favored better educational system and more pay for teachers and declared that the school house should be made the capital of community.

Mr. Thomason also advocated a blue sky law with "teeth in it" to catch the unscrupulous stock scheme salesman. He advocated the consolidation of the pure food and health departments and warehouse and marketing department with the Department of Agriculture.

In reviewing his prohibition record Mr. Thomason said that he has always advocated prohibition and that his vote against submission in the legislature was cast upon instruction of his people in El Paso county but had gone back after passing the zone bill of which he is joint author and was

Following a meeting of the Cameron Commercial Club in the Auditorium Hotel Wednesday afternoon it was announced by Chairman S. A. Cottle that Cameron business men will make a two day trade trip by motor to the various tributary commercial points in the county on August 4 and 5.

The action of the committee is in line with recommendations of the Commercial Club at its last regular meeting when the matter of a trade trip was discussed. Members of publicity committee who took part in the conference yesterday were Chairman S. A. Cottle, R. H. McIntosh and Frank S. Lesovsky.

The route of the trip was mapped out and schedules made for the various towns and trade communities showing the time of arrival and departure. The business men will leave Cameron at 8 o'clock on the morning for Rockdale the first stop of the Cameron boosters. All towns and trade centers south of Little River will be made during the first day. The towns and trade centers north of the Little River are reserved for the second day of the trade trip.

The business men will have lunch at San Gabriel the first day and at Burlington the second day. The trip as scheduled by Mr. Lesovsky will total 161 miles, 80 to be covered the first day and 81 the second day.

The committee will canvass the city Friday morning to secure the names of those who will go on the trip and also to make a list of automobiles and trucks so that the line of transportation may be sufficiently large to take care of the trade enthusiasts who will make the trip.

In making the canvass the committee will also give the business men the benefit of suggestions for advertising their business and to place Cameron and its advantages before the people.

The trade excursion will stop in each town and distribute advertising matter and the business men will meet the people and boost their industries and the town in general as the logical center in Milam county.

The committee desires a large number on the trip and will place at the disposal of citizens and business men transportation. Business men will be asked to contribute a motor car or truck to be used in advertising his business as well as to accommodate people who wish to make the trip.

JUDGE GILLIS SPEAKS FOR THOMASON

COUNTY JUDGE AND BRILLIANT ORATOR TO FILL ENGAGEMENT AT GAUSE JULY 17

Announcement is made today that W. G. Gillis, County Judge of Milam County and widely known public speaker, will deliver an address at Gause Saturday afternoon at 3 o'clock, July 17 in behalf of Robert E. Thomason, candidate for governor.

Plans are being laid to advertise the meeting at Gause and get a large crowd to hear Judge Gillis speak for Mr. Thomason and review the issues before the people in the governor's race. It is announced that a large number of Thomason supporters and friends of Judge Gillis will go to Gause Saturday to hear the speaking.

Judge Gillis is an able speaker and will go over the issues of the campaign to present the candidacy of Mr. Thomason who spoke in Cameron last week.

Miss Louise Adams entertained with a swimming party on Tuesday morning. Chaperones were Mr. and Mrs. W. A. Bonds and Mr. and Mrs. P. O. Adams.

Miss Lelia Woolley was in Rockdale Wednesday.

electd without opposition. He declared he has always championed the rights of women and called the day "blessed when they took their place with the men in the politics of Texas."

Mr. Thomason left here Friday morning in company with George T. Graves and J. G. Vest, committeemen for the Thomason campaign in Milam county, for Rockdale and other points where the Speaker made a hand shaking campaign. He spoke at Caldwell Friday afternoon.

NEW CAR EQUIPMENT FOR HENNE & MEYERS FUNERAL SERVICE

FIRM HERE BUYS FINEST EQUIPMENT TO BE HAD IN COUNTY FOR CONDUCTING FUNERALS

Henne & Meyer Company of Cameron has just complete the installation of two handsome motor cars as equipment for their embalming and funeral directing service. The cars, one a magnificent gray hearse and the other a closed car combination of ambulance and pall bearers coach are among the best motor equipment to be found anywhere in Texas and have been installed at a tremendous expense to this firm.

Both of these motors are of special make built as exclusive funeral cars. Both are six cylinder motors. The combination ambulance and pall bearers' coach will seat 9 people and meets a demand for such equipment for conducting funerals in Cameron.

In addition to this equipment Henne & Meyer Company is installing new modern equipment and building a modern morgue and otherwise extending its facilities for taking care of bodies handled by its funeral service. This improvement is expected to be completed within the next few weeks.

The combination ambulance and pall bearers' coach will give the store facilities for ambulance service and will solve objection about riding in an ambulance which must also be used for a hearse.

The company now has two licensed embalmers, C. R. Phillips and Chas. W. Price. Mr. Price will act as embalmer for the four stores of Henne & Meyer in Milam County at Cameron, Rockdale, Thorndale and Buckholts.

The funeral equipment including the new motor hearse and ambulance and coach will be available for use anywhere in Milam county. This equipment together with tent and other equipment to be used in the cemetery completes what is now one of the finest funeral service establishments in Central Texas.

Mrs. C. P. Harvell is here with her son for an extended visit.

DEATH CLAIMS ROCKDALE CITIZEN

Death claimed one of Milam county's leading citizens Monday evening of this week when Mr. R. L. Hale of Rockdale died at his home in that city. Mr. Hale was manager of the Scarbrough & Hicks General Merchandise store, one of the largest mercantile institutions in Milam county. He was a man of fine business ability and had friends through this section of the state by the thousands. His death, which occurred at 6:30 was unexpected, as he had spent the entire day at his place of business, only leaving at 6 o'clock. After leaving the store he visited his aged mother for a few moments and then went home. A short while after reaching his residence he was seized with acute indigestion and died immediately.

R. L. Hale started life on his own hook and is a self made man. Thirty-seven years ago he took a place with Scarbrough & Hicks store and grew from delivery boy to manager of the store.

The funeral of Mr. Hale was held Wednesday afternoon at the First Baptist Church at Rockdale, of which he has been a life long member. The services were conducted by his pastor, Rev. Stewart, assisted by Rev. B. B. Blaylock of Cameron, formerly his pastor, and Rev. Hamlett of Austin. Interment was made in the I. O. O. F. cemetery.

Those attending from Cameron were: Jeff T. Kemp, W. G. Gillis, Will T. Yates, Newton McDonald, Jack Lewis, Dick Clark, Clyde Franklin, Miss Minnie Wolf, Mrs. M. C. Sapp, Mr. and Mrs. T. S. Henderson, Mrs. Wm. Henderson and Miss Mary Lake Henderson.

STATEMENTS FROM BUSINESS MEN WHO ARE EMPLOYING OUR GRADUATES AND FROM VISITORS WHO HAVE SEEN OUR SCHOOL.

Here are a few extracts from letters of prominent business men who have had the proof as to the ability of our graduates:

"Having employed several of your graduates, I think your institution the best of its kind in the country."

"Of the seven men you have sent us, six remain in our service and the other one has just joined the Navy. All are making good."

"As you know, I have had a number of your students in my office. I take this opportunity of saying that every student that I have had from your school shows superiority of training over students that I have had from other schools."

"We have one of your graduates as a stenographer in our legal department at a handsome salary giving entire satisfaction. The work is extremely difficult, requiring the greatest skill and accuracy. She reads her notes like print. We wish to commend your school for turning out such graduates."

"If all your graduates are as proficient as the three young men we have in our office you are certainly doing a great work for not only the young people but the business men as well."

"We have several of your students and all of them understand their business. Your courses are thorough or they could not take hold as they have done for us."

"If the several graduates of your school that have been in our employ are fair samples, I cannot recommend your institution too highly."

Following are the names of some of the many prominent people who have visited our school, many of whom give free lectures to the student body, and what they say of the Tyler Commercial College:

Mr. Curtis, Pres. Texas W. C. T. U. "Wonderful institution."

Mr. Edmond C. Peters, International Y. M. C. A., Sec'y from Rusia, "I wish to compliment your school on magnitude, cleanliness and discipline; the best I have ever seen."

Mr. Rothwell, Govt. Inspector Vocational Education, "It is wonderful."

Dr. Bizzell, Pres. Texas A. & M. College, "A great institution."

Mr. Foggelman, of the Chautauqua, from Sheldon School of Salesmanship, Chicago, "A most wonderful business training institution."

Dr. Hardy, Pres. Baylor College, Belton, Texas, "The most magnificent mixed student body I have ever seen."

As Dead as the Dodo

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist.

Take "Dodson's Liver Tone" Instead!

Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults.

Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

QUARANTINE HERDS IF TICKS SHOWN AFTER AUGUST 1

GEORGE M. PAXTON SERVES
NOTICE ON OWNERS THAT
QUARANTINE WILL BE
INVOKED.

Notice is served upon all cattle owners that those herds of cattle in Milam county which show ticks on and after August 1st will be placed under local quarantine at the end of the season and will be compelled to dip their cattle next year. Cattle which are exposed to ticky premises or herds will also be subject to the dipping and quarantine regulations.

Milam county is in good shape to be released from Federal Quarantine on December 1st. There are less than two hundred tick infested herds of cattle in Milam county. Some of these are not being dipped. The number of tick infested herds of cattle in the county can be reduced one-half each month by dipping all the cattle every fourteen days. Cattle owners must not take the chance of having tick infested cattle this late in the season. There are yet remaining four and a half months of the eradication season, sufficient time to get the last tick in the county. Inspections of cattle which have shown ticks during the last nine months WILL NOT BE MADE, as it is not required under the new law, and dipping orders will be served upon all failing to dip and who have shown ticks within the past nine months. Milam county can be released from Federal Quarantine this year and all the cattle must be dipped regularly in order that this release from quarantine and dipping regulations can take place. Co-operation is needed along with law enforcement. There must be approximately fifty herds or less of ticky cattle in the county Dec. 1 before this county can be released. Do your part; help those interested to do theirs. See that the ticky and exposed cattle are dipped as well as all others so that no ticks will appear late in the fall. In ticky pastures, premises or ranges don't miss dipping a single head of cattle or infested horses, mules or colts. The time is here now when careful, close dipping must be done. If you fail the county cannot be released at the end of the season. The

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

MILANO NEWS

By Chas. Howes.

The writer is 65 years old today, but he has by actual count spoken to six men this morning older than himself. People do not do much in Milano while they live, but we certainly live a long time.

Uyless Ashley and Ralph Mullins have gone to the Burkburnett oil fields.

People are still planting potato slips.

We have lost our picture show. The town was too small to support the enterprise.

We hear that Mr. and Mrs. Guy Mullins are both very ill at San Antonio.

The parents of Mr. E. C. Smith the plant man, Mr. V. W. Brooks the express agent and Mr. A. Smith of Marlin, the father of Mrs. Brooks, are all visiting their children in Milano.

Joe Slaughter, one of the tower men, received word that his brother in Colorado had been fatally injured in an automobile accident, and left yesterday the 9th for Colorado.

Hon. R. E. Thomason, candidate for Governor was in Milano a short while between trains yesterday.

An old-timer, Tom Hurt, now of Lexington, is visiting relatives and old friends in the Summit neighborhood.

Mr. Emerson Tweritt's little girl is still ill.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Normal Color and Lustre At Once

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, a large bottle, at little cost, at drug stores, known as Wyeth's Sage and Sulphur Compound, thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Mrs. John E. Cooke of Rockdale,
wife of John E. Cooke, owner and pub-
lisher of the Rockdale Reporter and
President of the Texas Press Associa-
tion, died at the family residence at
11 p. m. Friday July 9, 1920.

Funeral services with Low Mass
were held in St. Joseph Catholic
Church Monday morning, July 12 at 9
o'clock, Rev. S. Spinneweber officiat-
ing. Interment was made in the Odd
Fellows Cemetery in Rockdale.

Mrs. Cooke had been in failing
health for several years and her con-
dition during the past few months
grew more critical and the end came
Friday evening, July 9. She is sur-
vived by her husband, son and daugh-

The Fellow in Lead

In the race for Governor both Mr.
Thomason and Mr. Looney are giving
strenuous attention to Mr. Neff, and
finding considerable fault with his
candidacy. This is simply a confes-

that Mr. Neff is in the lead; be-
cause in any sweepstakes contest each
participant always gives his first at-
tention to the fellow in the lead.

THE CITY'S WATER SUPPLY

Without any visible, immediate prospect of effecting
the desired improvement in Cameron's water supply
both because of inadequate charter provisions and a con-
fession on the part of officials of the Cameron Water,
Power and Light Co. of an unwillingness to make fur-
ther investment in equipment to secure filtered water
without a corresponding increase in rates and a meter
system, the city is facing a problem which will inevit-
ably force the issue of settlement and may result in mun-
icipal ownership and operation.

That resolution offered by Alderman Graves and unan-
imously adopted by the City Council withholding payment
to the Cameron Water, Power and Light Company for
water agreed to be furnished under contract as "pure,
potable and uncontaminated" is not only commendable
but was an inevitable course of action.

The city cannot be denied the right to protest and
refuse payment for something it is not receiving and
which is guaranteed under the provisions of the contract.

Any contest however, will bring to the front a coun-
ter claim on the part of the Cameron Water, Power and
Light Company that the contract as well as charter pro-
visions do not impose requirements that would force fil-
tration or even treatment of the water. The chief dif-
ficulty seems to lie in the source of supply of water, the
company maintaining that its responsibility ends with
the river and settling basin.

The issue must be considered upon its merits and
that to offer the conflicting claims with the view of
bringing about a solution most logical and beneficial.
The admission is unanimous, even on the part of company
officials that the water supply should be filtered as is the
case in practically all cities where the same source of sup-
ply is used. This is the principal solution for a safe and
sanitary water supply. In order to obtain such a water
supply it will require the installation of equipment to
cost on conservative estimate some \$30,000.

The Cameron Water, Power and Light Company de-
clares, and it seems not without logic or justification, that
this equipment cannot be installed without an increase in
rates whether permanent or temporary to insure a legiti-
mate additional revenue to offset or stabilize added in-
vestment. It is hardly fair to decry this contention. How-
ever, the people want and must have pure water, filtered
and delivered clear and uncontaminated.

Under the process of municipal ownership the people
would certainly pay for what they receive and receive
that for which they pay. A filtered water supply cannot
be obtained without cost.

Net revenue from operation of the water supply may
or may not be an attractive inducement to try out mun-
icipal ownership. But the paramount question is a filter-
ed supply. It is hardly wise to deny longer the achieve-
ment of this condition in our water supply whether it be
brought about by municipal ownership or rate conces-
sions to the company on the basis of required installation
of a filtering process. This matter should be determined
by the people and expressions from them will be wel-
comed.

Viewing the matter from the consumer's point of
view there is no justification for impure or unfiltered
water.

Nothing can righteously supercede the public
health.

The chlorine gas treatment of the water which is now
proposed and equipment for which has been ordered will
make the water safe. It will kill bacteria but it will not
take away the mud, only filtration can do this

But mud, even though passing the scientific test of
modern sanitation has no place in drinking water.

What are you going to do about it? The citizens
should not and will not be satisfied with a mere treat-
ment of the water. Filtration is inevitable.

We believe that its feasibility as a safe financial en-
terprise in case of municipal ownership or a minimum in-
crease in the rates will not stand in the way of the people.
What they most desire is better water and we believe
they are willing to pay for it just as they pay for other
necessary commodities handled by public corporations.
Financial consideration is negligible compared with the
public health.

For the past several days hundreds have been with-
out drinking water from their own connections with the
public water mains simply because there is a woeful lack
of forethought or inexcusable neglect when the settling
basins were being cleaned out. Water is being pumped
direct from the muddy stream to the homes of people for
consumption. Why is it not possible to have a storage
capacity to meet such emergencies and to avoid what
amounts to a practical famine in drinking water.

If the people are content with a mere treatment of
the water without filtration then the question is settled
without discussion and we may continue without further
thought to such "unimportant" matters as the public
health.

What are you going to do about it?

CHURCH POLITICS SCORED BY LOONEY

CANDIDATE SAYS EVIDENCE IS
FOUND OF ATTEMPT TO MO-
BILIZE BAPTISTS

POINTS TO DR. BROOKS

Criticizes President of Baylor for Ac-
tivity in Behalf of Mr. Neff

Speech by Hon. B. F. Looney, deliv-
ered at Dallas, Texas, as appeared in
the Dallas News of date July 13th:

Three issues, participation in poli-
tics by religious sects, labor and anti-
trust legislation were brought into the
gubernatorial campaign of Texas by
Ben F. Looney, candidate for Govern-
or, who spoke before more than 300
persons in the City Hall auditorium
here last night.

Himself a Baptist, Mr. Looney de-
clared with emphasis that he called
upon the laity of the church and of
all sects, to repudiate what he termed
the propaganda of the Baptists of
Texas in behalf of the candidacy of
Pat Neff for Governor. "I feel that
it falls upon me to raise this question,"
he said, "but who the beneficiary will
be I do not know—nor care." Here
he was greeted with applause.

Dr. S. P. Brooks, president of Baylor
University, with several other
heads of Baptist schools in Texas,
were openly charged with campaigning
in behalf of Mr. Neff. Political in-
ference was drawn in the conferring
of 350 degrees by Baylor University re-
cently, when Pat M. Neff introduced
the recipients to Dr. Brooks, and a
comparison was made upon similar ac-
tions by any other religious denomina-
tion.

The speaker declared that while he
was in the Legislature he did
more than report "present" at roll
call. He asserted that he disagreed
with Neff's graduated land tax plank
and that Neff disagreed with himself.
Thomason, he said, campaigns with a
plank on the repeal of the poll tax to
Thomason, but to himself (Looney)
only a revision of the State suffrage
laws tending to remove restrictions on
the qualifications of a voter.

Mobilize the Baptists
Bailey, he said, was intensifying
class hatred by his attitude on labor
issues and a defense of his prosecu-
tion of the Crane Company of Texas,
under the anti-trust law, was made.

Prohibition was made an issue.
"In canvassing the State," said Mr.
Looney, "I have found evidence of a
movement from somewhere to mobil-
ize the Baptists and the educational
institutions of the Church and of the
State in the interests of the candi-
dacy of one of the candidates for Gov-
ernor. I appeal to the press to take it
up. I wish to call attention to it and
that it should be repudiated. The first
amendment to the Constitution of the
United States is claimed to be the re-
sult of the efforts of the Baptists,
namely, religious establishments pro-
hibited.

"I have fought the brewer and have
assisted in scourging them from politi-
cal participation in this State. I have
been a Baptist for thirty-two years.
Baylor University celebrated its sev-
enty-fifth anniversary a short time
ago, and Baylor belongs to the Bap-
tists of Texas—in general, to all of
Texas. But if Baylor is to go on in
the future as it has in the past, it
must not become soiled in the mire of
personal politics. Dr. Brooks is a
great man and a great man can go
wrong. Dr. Brooks has gone wrong
in this case.

"Dr. Brooks is president of Baylor
University, partly on the vote of Pat
M. Neff. We are the constituency
that elects the trustees who elect the
president and fix his salary. The
president of the university is advocat-
ing the election of the president of
the board of trustees. How can he
escape the inference? What would
you think if Dr. Vinson would take the
stump for a candidate for Governor?
The Governor of the State passes up-
on the appropriations for the Univer-
sity of Texas. But Dr. Sandifer,
president of Simmons College at Abilene,
and Dr. Hardy, president of Bay-
lor College at Belton are all working
for the election of Mr. Neff—and if
on a consistent line-up like that, who
have the alumni for seventy-five years
to appeal to, advocate the election of
Neff they will eventually draw in-
to the political game every denomina-
tion in Texas.

Ridiculous Disguise
"I know lots of Baptists who are
fit to be Governors—a good Baptist is
like any other denotation: He may
be qualified for Heaven, but not neces-
sarily for the Governor's office. What
if the Jews would advocate and unite
in the election of one of their denom-
ination? What if the Catholics did?
Why, there would not be a Protestant

NOTICE TO TAXPAYERS.

Increased cost of everything has
affected the City's expenses, along
with other lines of business and more
money is required to do the same
things, than it cost before. The City
having a maximum limit of 65c on
the hundred dollars, cannot there-
fore increase the tax rate, yet it is
operating under a monthly deficit and
getting deeper in debt, borrowing
money from our banks at the usual
rate of interest and this condition
cannot last always and there being
no expense item that the City Coun-
cil feel like they could afford to e-
liminate, must have more money,
hence the only other way to raise the
necessary funds is to increase the
renditions to the legal full rendition.

Therefore the City Council, con-
sisting of bankers, merchants and
business men of experience, went over
all the tax renditions and placed
all property at its present, full mar-
ket value, as best they could judge
and turned these renditions over to
the Board of Equalization and asked
that unless good cause was shown
why they should be lowered, to adopt
them.

The Board of Equalization then
checked over these amounts and
equalized them one with the other
and notified such property owner by
mail in case his or her property was
raised, so that he might have an op-
portunity to appear.

In the case of stocks of merchan-
dise of all kinds, original inventories
supported by affidavit will be requir-
ed, as much complaint has been made
that merchants are not paying their
proportion of the taxes; the same in
the case of corporations will be re-
quired; all banks will be required to
pay on their full capital stock, plus
surplus as well as undivided profits to
be taken from sworn affidavit of the
banks cashier; individuals and corpo-
rations should not complain if they
are treated the same way.

The Board of Equalization has ad-
journd to meet on July 21-22-23rd

to hear all complaints. Owners will
please appear on the day their notice
calls for, as the work has been di-
vided for the three days mentioned;
if unable to appear on your date, any
of the other days will be satisfactory.
With this explanation, it is hoped
that those not having their property
raised to more than its present value
will not make the work unneces-
sarily heavier on the board, but if
a just and real mistake has been
made by the City Council and the
Board of Equalization, then such per-
son is urged to bring the necessary
facts before the Board and have the
amount reduced or raised, as the
facts may justify; however, no prop-
erty will be raised to a higher figure
than notice calls for unless further
notified.

The Board would appreciate your
assistance and not your unmerited
censure; we are not responsible for
your tax rate, nor for the fact that
you have property and it is unbecom-
ing to criticize our motives; we real-
ize that we will make some mistakes,
but we are doing our best to make
them few and small.

J. E. Reno,
J. T. Westmoreland,
Frank S. Lesovsky,
Chairman Board of Equalization.

Baker Encouraged in Bell County

CANDIDATE FOR FLORIAL
REPRESENTATIVE—WELL
KNOWN OVER STATE

(Temple Telegram.)

O. D. Baker, candidate for florial
representative from Bell and Milam
counties, is in the city. Mr. Baker
has been in Bell county the past
several days, and has visited nearly
all the voting precincts and met a
great many people. He is a man of
wide acquaintance in Texas, and is
known to all the prominent public
men of the state. He has frequently
appeared before committees of both
houses of the legislature in the in-
terest of special legislation.

Mr. Baker's friends say that few
men in Texas have greater knowledge
of parliamentary procedure than he.
He has no pet schemes of legisla-
tion to offer in support of his can-
didacy, they declare, and he is a prac-
tical man, and has been successful in
the conduct of his own business af-
fairs, and those who know him have
confidence in his ability to creditably
represent the people of this florial
district.

Mr. Baker says that he favors lib-
eral support of the rural schools and
institutions of higher learning in this
state. He declares he believes that in
the youth of this country lies the hope
of the American people in the per-
petuity of our democratic institutions.
"I would, if I could, provide all the
facilities necessary to make every
country school a high school," he
said here last night.

"I am opposed to excessive appro-
priations of public funds, but do not
favor a niggardly policy on the part
of our state government, so as to
cripple the efficiency of the different
departments.

Texas is a rapidly growing and
developing state. Its population is
growing at a rate unprecedented. Our
people must keep step with the
march of progress. All of our state in-
stitutions must be amply supported
if our state is to meet its destiny, that
of the greatest in the union.

"I favor the limiting of taxation
to meet the requirements of a gov-
ernment honestly and economically
administered. I am heartily opposed
to the proposed state tax on income.
In the redistricting of the state into
congressional districts as a result of
the last census I would endeavor to
so arrange a district where it will be
possible for a Bell county man to be
elected to congress. I am opposed to
the state's retaining a lien indefin-
itely upon real estate by reason of de-
linquent taxes.

"Limitation should run against the
state in such instances after four
years so that innocent persons should
not be compelled to pay back taxes
for a period of twenty years. If the
state is not big and strong enough,
with all the machinery of the courts
at its disposal to collect the taxes
due within four years, it ought to
lose them."

Mr. Baker believes in giving all
men a square deal, regardless of their
lot in life. He would oppose grant-
ing special privileges to any class, but
advocates that all men stand equally
before the law.

Mr. Baker spoke before the people
of Killeen Saturday afternoon, and
will make a close canvass of the
county and district. He will speak
at several points in Bell county this
week.

Mr. Baker returned from Bell coun-
ty this week and while in Cameron
declared that if his support comes up
to expectations in this county he will
win. Mr. Baker should have the solid
support of Milam county voters in the
race because of his fitness for the of-
fice and disposition to make an unself-
ish and democratic representative in
the legislature.

Pat Neff's Land Plank

In his platform and in his campaign speeches Mr. Neff says:

"Texas has one hundred thirty million acres of uncultivated land. Most of this land is owned by a small number of individuals. One person is holding, unimproved, three million acres of agricultural land, while another is keeping for speculative purposes an area larger than the State of Rhode Island. Some ten people own over a million acres, each, while more than fifty hold title in excess of one hundred thousand acres, each. There are more than five hundred thousand families in Texas that own no land. Just this plain statement as to the manless land and the landless man suggests to every thoughtful mind a serious problem. * * * Is it wise, my friends, for Texas to permit a few people to hold for speculative purposes her agricultural lands unused, while thousands of our people are clamoring for homes, and while humanity is starving for the products of the soil?"

As a remedy for this evil, Mr. Neff states that these lands should be classified, as now provided for the purpose of taxation, and that all undeveloped land which is classified as purely agricultural should have, above a certain acreage, a graduated land tax and an inheritance land tax assessed against it, making it unprofitable for few owners to hold, in idleness and for speculative purposes, vast areas of agricultural lands, and thereby encouraging and causing such owners either to improve these lands, or to sell them and let others improve them—further suggesting that perhaps the tax he proposes should not apply to one who owns less than thirty thousand to forty thousand acres, and that such tax should not apply to lands in cultivation but only to these vast tracts of unimproved lands.

Without discussing the land question, or offering a remedy for the manifest evil pointed out by Mr. Neff, Mr. Thomason states that he is opposed to the graduated land tax and the inheritance land tax suggested.

Thus, it seems, Mr. Neff favors, and Mr. Thomason opposes, a law which would cause or encourage those who own, and hold in idleness and for speculative purposes, millions of acres, each, of agricultural lands to improve such lands or to sell them and let others improve them. The one favors, and the other opposes, a law which would encourage the development of the idle agricultural lands of Texas.

Mr. Neff points out a manifest evil. Does Mr. Thomason deny its existence? Mr. Neff suggests a remedy Mr. Thomason opposes it, but does not offer another.

OAKDALE NEWS

By Mrs. S. Hause

Miss Bernice Nicholson and Mr. Atkinson of Fort Worth married in Cameron. Miss Bernice is one of Milam county's best teachers. She has been teaching for seven or eight years, and has made good. Mr. Atkinson has done well indeed to secure one of our best girls. They went from Cameron to San Antonio, from there to Corpus Christi and from there to his home in Fort Worth. We hope them all the good things of life, and regret to lose her as a teacher and friend.

Mr. and Mrs. Childress of Bell county came to see her home folks Saturday and returned home Sunday evening.

Mrs. John Baldwin came home from Rice last Thursday from her son's.

Mr. and Mrs. Perry Robinson and children of Rice spent Sunday with the A. R. O'Neal family.

Mr. Dick Westbrook of Liberty has been a visitor in our neighborhood recently.

Mr. and Mrs. G. W. Bailey had a nice crowd Sunday night, and while there they had some singing.

Mrs. W. A. Belt and children spent Sunday at Liberty with the Jim Stewart family. She said she had the best time she has had in several months. Most people will remember that Mrs. Belt has been sick for most two years.

Hugh Wimberley has gone back to the Santa Fe to work. He had been rather sick the last week but thought he could hold a job down, and went to Somerville and will be there some time. Guess the young people will miss him as he was one of the boys.

Mr. and Mrs. Sid Hause went to Cameron Friday morning, and from there to Walkers Creek and spent the night with his daughter, Mrs. J. D. Link and his son Ed came home with him and will spend a few weeks here. He felt like Sid's yard needed the weeds cut and is at it this morning.

Mr. Walker Arledge of near Rockdale has been to see his sister, Mrs. A. R. O'Neal and brother, Mr. John Arledge of near Milano.

Mrs. E. L. Garner and son, Marshall went to see relatives at Cameron Sunday.

Mrs. J. H. Ashenbeck and son, Theo, were in Cameron Sunday.

Mr. Lee Cook who has been working at Brackenridge, Texas, came to see home folks Saturday, but will return this evening.

Mr. and Mrs. George Murphy of Rogers were out one day last week buying watermelons by the wagon load.

Mr. R. F. Wuencher and family of Lyons stopped one day last week. They had been to see relatives at Lampasas.

Mrs. Arnold Ashenbeck and sister and her children, all of Jones county, came last Thursday to see Mrs. J. H. Ashenbeck and Saturday evening Mr. Theo took them in his new car to Milano to spend a short while with their sister, Mrs. Morgan. They of course will spend some of their time with relatives at Burlington.

Oscar Crawford and family were in Milano Thursday night with their sister and all had a good time eating ice cream.

The Wimberley family family had company from Cameron Monday, Mr. W. H. Miles.

Prospect is to have a barbecue and working at Prospect next Wednesday, and want all that will be there and help work and eat all they can.

H. H. Coffield to W. D. Turner et al, 10 acres out of the T. J. Chambers league in Milam County, Texas. Lease to remain in force for five years; \$1.

The Commissioners' Court convenes in regular session on Thursday and Friday of this week, July 15 and 16.

Prohibition Record of Thomaosn and Pat M. Neff

In the Democratic primary election of 1916 the question of submitting the prohibition amendment to the State constitution was voted on. This was a statewide vote and submission carried by a majority, and thus became a platform demand of the Democratic party. Mr. Thomason, a Democrat, was a member of the legislature; and when the question of submission came to a vote in the House of Representatives he voted with the anti-prohibitionists against submission and it failed by two votes, one of which was his vote. He now attempts to excuse his vote against submission on the ground that the majority in his district voted against it. That is, the subterfuge presented by the anti's at that time to excuse weak kneed legislators. Thomason fell in line with the anti's, and his vote and one other of the same kind defeated submission. It therefore required a second instruction from the people which was given in the Democratic primary of 1918 before this prohibition amendment was submitted for adoption.

In the same legislature Mr. Thomason did not vote for the bill prohibiting the shipment of intoxicating liquor into dry territory and, without any vote or other instruction from his district, aligned himself with the anti's and voted against the resolution urging the President to prevent the use of food stuffs for the manufacture of intoxicating liquors until after the war.

This may be a good prohibition record. If so, Jake Wolters and W. T. Bagby have good prohibition records. We may well ask Mr. Thomason, "Do men gather grapes of thorns or figs of thistles?"

While Thomason was helping the anti's to defeat prohibition in the legislature, Neff was serving as Chairman of the Prohibition forces in McLennan County; and under his leadership that county, the second of the big counties of the State, went into the dry column.

EXPERIENCE PROVES QUININE IN CAPSULES UNRELIABLE

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. ——. I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind. Mendenhall's Chill & Fever Tonic is in solution quickly absorbed by the stomach so pleasant to the taste that children will ask for it. Made with and without arsenic. Sold by Avera's Drug Store.

"BAYER CROSS" ON ASPIRIN

Always Ask for Genuine "Bayer Tablets of Aspirin"

Only Aspirin Tablets with the safety "Bayer Cross" on them are genuine "Bayer Tablets of Aspirin," owned and made by Americans and proved safe by millions of people. Unknown quantities of fraudulent Aspirin Tablets were sold recently by a Brooklyn dealer which proved to be composed mostly of Talcum Powder.

"Bayer Tablets of Aspirin" should always be asked for. Then look for the safety "Bayer Cross" on the package and on each tablet. Accept nothing else! Proper directions and dosage in each Bayer package.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

DODSON TELLS THE HORROR OF CALOMEL

You Don't Need to Sicken, Grip, or Salivate Yourself to Start Liver.

You're bilious, sluggish, constipated. You feel headachy, your stomach may be sour, your breath bad, your skin sallow and you believe you need vile, dangerous calomel to start liver and bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling splendid. It is perfectly harmless, so give it to your children any time. It can't salivate.

WATER WORKS MAN GIVES OUT FACTS

"I have been trying for years to get something that would relieve me of my troubles and have found it at last in Tanlac," said Alfred Jolly, of 3291 Quitman street, Denver, Colo., and an employee of the water works department of that city.

"For a long time," he continued, "my stomach was in such an awful fix that I could eat hardly a thing without being in misery afterwards. Even the lightest foods would bloat me up with gas and I was constantly belching up sour, undigested food that at times would almost choke me, and often I would get so dizzy and light headed that I would almost fall down, and I would get so nervous that it was almost impossible for me to rest at night. I suffered agony wretched condition that I was hardly fit for a thing.

"After trying nearly everything I could hear of I took Tanlac, and it sure hit the spot and has made a different man of me. My appetite is splendid, my nerves steady, I sleep like a log at night, have gained eight pounds and am in better shape than I have been in years."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

CAFETERIA LUNCHEON.

Last Thursday at high noon Mrs. Tom Denson complimented her guest, Mrs. W. T. Ledbetter, of Dallas, by inviting in fifteen of Mrs. Ledbetter's friends to "break bread with her."

Red cypress brightened the living room, while the dining room was in pink roses.

When the greetings were over and at 12:30 o'clock the guests entered the dining room they found the table laden with everything their taste could demand—chicken salad, fruit salad, tomatoes, sandwiches, olives, pickles, ice tea, ice cream and cakes. The buffet held the china, silver, cut glass, and the ladies were bidden to help themselves.

Some of the younger ones bade the more elderly ones to be seated, and they would help them, and in a charming, informal way the luncheon was enjoyed.

The ladies remained for an hour or two in the pleasant intercourse with their hostess and her guest, then took their departure, thanking Mrs. Denson for a pleasant day, never to be forgotten.

Those present were: Mesdames W. T. Ledbetter, P. O. Adams, John Dobbins, Tom Henderson, Wm. Henderson, R. H. McIntosh, H. J. Beckerman, John Dobbins, Mattie Batte, Ira Key, A. N. Green, J. C. Martin, and Miss Edna Sprinkel.

MISS GEORGE COMPLIMENTED.

Last Wednesday afternoon at five o'clock Miss Grace Gillon received twenty-five of her friends to introduce her guest, Miss Vida George, of Fort Worth.

The guests were asked to bring their needle work, but it was the warmest afternoon of the season and almost impossible to work. An hour was spent rendering music. Misses Mamie Black and Helen Flynn played beautiful piano selections, after which with Miss Black at the piano, Miss George the violin, Mrs. Ira Perry sang.

Ice cream and white cake was served by Misses Cornelia Wallace and Louise Gillon.

Out of town guests were: Mesdames Brooks McLane, of Kingsville, Ira Perry, Williams of Alva, Vernon McIntyre of Marathon; Misses Vida George of Fort Worth, Ruth Herring of Waxahachie, Mamie Black of Corpus Christi, Jackson of Kansas.

NICKLESON-ATKINS.

Last Saturday afternoon at three o'clock, at the Presbyterian manse, with Rev. Henry McFadyen officiating, Miss Bernice Nickleson of Hoyt and Mr. John Atkins of Fort Worth were united in marriage.

The brother and sister of the bride and Mr. Will Yates were present.

The bride wore a lovely suit of midnight blue tricotine with accessions to match.

Mr. Atkins who wooed and won one of Hoyt's fairest and best daughters, is a young man of fine character and is a contractor in Fort Worth, where they will make their future home.

The Herald and all who know them wish for them all the best things of life.

The Women and the Ignorant Men

In his speech at Cameron on July 8th, Mr. R. E. Thomason, candidate for Governor, stated that he favors a law for the protection of "the women and the ignorant men" from stock swindlers. If Mr. Thomason feels a real solicitude for "the women and the ignorant men," as a class, it is commendable of him to gather them together under the protecting wing of the law, even "as a hen doth gather her brood." But whence his information that "the women and the ignorant men" constitute a class whose protection is the subject of specific legislation? This smacks slightly of the old-time argument against women suffrage, albeit Mr. Thomason says he favors votes for women.

Some of the women of his audience were heard to remark that Mr. Thomason might take care of the ignorant men, but that the women would take care of themselves by electing Pat Neff Governor of Texas.

Thomason Supporters Satisfied With His Record

The ardent Neff supporters are urging that Mr. Thomason is a raging anti. If Mr. Thomason is such a violent anti as they would have you believe he is, it is strange a legislature which was 90 per cent prohibition elected Mr. Thomason speaker without opposition. It is also strange if he is such a strong anti why Mrs. Minnie Fisher Cunningham, strong in the prohibition faith, Mrs. Jessie Daniel Ames of Georgetown, President of Texas League of Women Voters, Mrs. W. E. Spell, Delegate at large to the National Democratic Convention at San Francisco, Miss Neal of Carthage, also a delegate to the Democratic Convention are supporting Mr. Thomason for Governor.

The many friends and supporters of Mr. Thomason in Cooke and El Paso counties, where he has lived all his life, his supporters in Milam County and elsewhere are satisfied with his record on prohibition and Woman Suffrage.

EAT LESS MEAT

IF BACK HURTS
Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity, also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and primary organs clean thus avoiding serious kidney disease.

GOOD MUSIC

On Monday night a few lovers of good music gathered at the home of Mr. and Mrs. P. O. Adams and enjoyed some fine music.

Miss Louise Adams, the daughter of the home, although quite young, has a voice of rare quality and great promise.

Miss Vida George rendered several selections on the violin alone, besides accompanying the singers.

Mr. Mack Harvey added much to the pleasure of the evening with his pleasing voice.

After the musical feast Mrs. Adams seated all present around her snowy white board and a social hour was spent while enjoying ice cream and cake.

Those present were: Mr. and Mrs. Mack Harvey, Misses Vida George of Fort Worth, Jewel Joslin, Grace and Louise Gillon and Mrs. W. A. Gillon.

Mr. and Mrs. T. N. Lindsey took their daughter, Miss Grace, who was quite ill last week to the Sanitarium at Temple on Tuesday afternoon.

Mrs. Vernon McIntyre of Marathon left for her home last Friday after a visit for a week with home folks.

Figure it Out for Yourself

Thomason's Suffrage Record

In the days when standing for Woman Suffrage was unsafe politically speaking, Mr. Thomason not only was an advocate, but he was a public defender of the justice of the cause, on the floor of the house.

He voted for the Primary Suffrage bill and during the submission campaign in 1919, he worked vigorously in his district in an attempt to carry the amendment.

To the work of ratifying the Federal Suffrage Amendment in June 1919, he gave every possible assistance.

A Straw Vote.

The Free Lance is a periodical published at Paris, Texas by the Rev. R. P. Shuler. The editor of this periodical during the past few weeks has taken a straw vote on the Governor's race, which shows Pat Neff decidedly in the lead. The Editor of the Free Lance, it seems, is supporting Mr. Looney, but is very friendly to the candidacy of R. E. Thomason, and attempts to make some excuse for the poor showing of Mr. Thomason in the straw vote taken. However, in the same issue (July issue) and under a different heading the Editor of the Free Lance makes this admission: "At this writing, it looks to the Editor as though Neff would go under the wire a neck ahead."

MILAM COUNTY BOY WHO WILL MAKE TRIP WITH TEXAS FARM SPECIAL

Scott McGuire

This energetic Milam county farm boy, Scott McGuire of Maysfield, has been chosen as delegate from this county on the farm special which will leave A. & M. College August 7 for a tour of the agricultural regions of central United States and Canada. His tour on the special train which will carry scores of farm boys from Texas, is being financed by the three banks of Cameron.

The photo is that of Scott McGuire taken some time ago with his six months old mule colt. He is the owner of a nice Duroc Jersey sow, two litters of pigs, eight the first litter and seven the next. He is very much delighted over his coming trip and will make an effort to give a complete report of the trip to his farm club associates when he returns.

McLennan County always elects Senator. What do we owe to McLennan County.

It has been urged by some Mr. Neff should receive the vote of Milam County on account of McLennan County being a neighboring county.

Milam County has been in the same Senatorial District with McLennan and Falls counties for a long time. McLennan and Falls have elected the Senator each time for the past twenty years. Whenever a candidate from Milam County offers for the Senate, McLennan county votes against the Milam County candidate and having a larger vote elects the Senator.

Milam County owes McLennan county nothing politically. Vote for Thomason for Governor.

Mrs. Patterson States Facts in the Case:

In view of the fact Mr. Neff devoted about ten minutes of his speech when he spoke in Cameron explaining his employment in the defense of Watson for the killing of John S. Patterson, Commissioner of Insurance & Banking, while in the discharge of his duty, we submit to the voters of Milam county the following letter from the wife of the slain man:

Dear Mr. Pedigo:

I have tried so hard to put aside and dwell as little as possible on the injustice that has been done my husband, knowing that he has gone where the unworthiness of men can not harm him. However, I appreciate your action in the matter and will state as nearly as possible the facts in the case.

My husband always considered Pat Neff one of his warmest friends. They began the practice of law about the same time at the Waco bar, and while Mr. Patterson lived at Moody, his practice took him to Waco several times each week. Naturally, he formed warm friends among the young lawyers, always speaking of P. N. as among the closest. The years went by; my husband never failed to give him support whenever he sought an office. They called each other by their given names and acted in the customary way for men who are friends. Not a month before my husband's death he remarked to me that P. N. would likely be in the next Governor's race and that he expected to support him.

When we brought Mr. Patterson to Waco, Pat Neff was the first to meet us. Soon the sanitarium was thronged with Waco friends and hosts of relatives from Moody. The doctors were anxious to keep the room free of people on account of my draling's labored breathing. Most everyone came out of the room, I myself, sitting in the door way. But this "mere acquaintance," as he called himself, who "only came because Cullen Thomas had phoned him and asked him to make inquiry as to Mr. Patterson's condition," stayed by his bedside and shed bitter tears, although Cullen Thomas had already come, been in the room and gone out on the porch, realizing how precious the oxygen was to my dying husband.

The morning passed, but this "mere acquaintance" remained in the sacred chamber where we only want those who love us. When the end came, he asked to be allowed to take me to the hotel, although my sisters, brothers and numerous relatives were there to do so. My sister and I went with him and he was the last to say good-night.

So many people say he was manifesting all this interest in order to try and get in the case. He and his God only know as to that; all I know is that my husband counted him among his best friends, and his actions in my husband's death chamber made me think he had a strong love for him, and quite naturally named him as one of the pall-bearers.

A few days later after the burial, Pat Neff phoned and asked to see Mr. J. C. Reynolds, President of the First Nat'l Bank at that place, my brother, and me on business. I was in bed, but thinking it a friendly mission made an engagement to see him. We were dumbfounded when he told us that the demon who had murdered my husband wanted him to defend him.

Mr. Reynolds, my sister and brother told him plainly he could not afford to do such a thing; he urged his warm friendship and his intimate knowledge of his life as a reason for his taking the case, saying he would see to it that no mean, insinuating thing would be said against him. I told him that there was nothing that could be truthfully said against my husband; that if he went into the case he would hurt himself and not my husband. He left, saying he would phone next morning. He phoned Mr. Reynolds and asked him if we took the skin off him after he left. Mr. R. and they are of the same opinion that I am; we do not see how you can do it, but if you really want to do so, we have nothing more to say. Meaning that if his standards of honor were no higher than that we did not consider him worth our notice.

Thanking you again for your interest in the matter, with best wishes for you and yours,

Respectfully,
EDNA C. PATTERSON

Endorsing the Candidacy of Mr. Thomason

The Houston Chronicle, a daily paper, strong for prohibition, and woman's suffrage, is actively supporting Thomason for Governor. Below is given an editorial clipped from the Chronicle of date July 12, 1920:

THE GUBERNATORIAL CONTEST

In the contest for the democratic nomination for governor of Texas, The Chronicle has heretofore urged that the voters concentrate upon either Thomason or Neff.

With two such strong candidates, each splendid gubernatorial material it is difficult for the Chronicle to advocate one as against the other, but in order to prevent a second primary a definite choice should be made. Looney, who has a record that commends him to many voters and who has served the people well and faithfully, does not seem to have the strong following of either Neff or Thomason, and Bailey is an impossibility.

But without definite concentration Bailey may get together sufficient strength among the disgruntled and anti-Wilson democrats to force a second primary. For that reason, and believing that Thomason has the strongest following, the Chronicle urges all good democrats to get behind the El Paso man.

He has proven himself an able legislator, he has been right in all the big issues confronting the state and nation. His platform is sound.

Thomason defeated Bailey in Bailey's home county. He challenged Bailey to trust his fortunes to the May convention, and Bailey refused. Delegates to the San Francisco convention named Thomason their choice for governor in the following ratio: Thomason 84; Neff 32; Looney 23; Bailey 4.

Delegates to the Rotary Club convention gave the following vote: Thomason 68; Neff 59; Bailey 16; Looney 4.

Other straw votes taken in other parts of the state show that Thomason is the first choice, with Neff a strong second.

Together they will overwhelmingly defeat Bailey, but unless the voters now decide upon one of them, the

Bailey vote may necessitate a second primary.

That would result in the final and complete elimination of Bailey, but why wait?

Do it now. Pick Thomason as the winner and make his vote so large that the first contest will decide the question.

Get rid of the Bailey influence on July 24.

Hearne Democrat on the Governor's Race

"Mr. Thomason is unquestionably the one appointed by the inner circle of the present State administration, including the administration machine and the appointees, to succeed Governor Hobby and perpetuate the present policies and official family."—Hearne Democrat.

It seems from the above that the Editor of the Hearne Democrat, Mr. J. Felton Lane, an able lawyer and a well informed newspaper man, has the political situation pretty well sized up. On the editorial page of his excellent paper, Mr. Lane further suggests that the plain Democrats from the towns, from the farms and from the various walks of life will name their candidate for Governor on the fourth Saturday in July and states: "In our humble opinion it will be an overwhelming endorsement of the candidacy of the plain Democrat from Waco, Pat Neff."—Hearne Democrat.

MAKE COCA COLA FROM PLANT HERE

TEMPLE CONCERN OPENS BRANCH BOTTLING WORKS IN CAMERON THIS WEEK

The Coca Cola Bottling Company of Temple has established a branch plant in Cameron and the announcement is made today by the branch manager V. A. Pylant that the plant here has begun operation.

The plant here will manufacture Coca Cola as well as high grade soda waters of every flavor. It has been several months since Coca Cola was manufactured in Cameron and the establishment here of the plant will be welcomed as this drink whether bottled or from fountain is popular and meets with great demand.

T. M. Nabers, president and general manager of the plant at Temple was in Cameron early this week to look after his interest here and to witness the first operation of the plant. J. I. Martin is secretary and treasurer of the company.

The new plant is located in the brick building opposite the offices of the Jeter Lumber Company. All available modern machinery has been installed for bottling the drinks. The company now has in operation two motor trucks, one for the city and the other for the rural trade.

The plant has the right to manufacture exclusively Coca Cola in Bell, Milam and Falls Counties. The manager, Mr. Pylant, has been engaged in the business for fourteen years and is conversant with the needs of the business.

Mrs. Billie Marek and daughter went to Rosebud Monday.

Thomason for Governor Club

El Paso, Texas.

To the Democratic Voter of Texas:

The Thomason for Governor Club of El Paso County endorses the candidacy of Robert E. Thomason for Governor in the Democratic primary election next July.

He is a man of strong character and broad sympathies. A fine lawyer, a successful business man, and an executive of tried ability. He is forty-one years old, was reared on a farm in Cooke County, Texas, attended country schools, the Polytechnic College, and later graduated at Southwestern University at Georgetown. He is also a graduate of the law department of the University of Texas.

For four years he was prosecuting attorney of the Gainesville district. He moved to El Paso eight years ago and has taken a foremost place in the civic life and development of West Texas.

He has been twice elected to the Legislature from this county on a platform of clean government. As a testimonial of his fitness for public service, he was this year elected Speaker of the House of Representatives without opposition, and there has never been an appeal from one of his rulings.

He is author of the present Clean Election law, joint author of the Zone Bill which removed liquor from near the army camps and for years has been an ardent advocate of Woman Suffrage. As a law maker he has been keenly alive to the business, educational and patriotic needs of the State.

Mr. Thomason will make a vigorous campaign on a live, progressive and constructive platform.

A vote for Robert E. Thomason in the primaries is a vote for a better and more prosperous Texas. His ability, courage, poise and sincerity eminently fit him for this high office.

Sincerely yours,

J. M. GOGGIN, President

BAUER NO. THREE WELL DRILLED IN CREATES EXCITEMENT

MORGAN & BURGESS ENTERS
PAY AT 650 FEET AND HAS
GOOD SHOWING

(Rockdale Reporter)

Saturday afternoon the Bauer No. 3 was placed in the oil well class when Messrs. Morgan & Burgess, contractors drilled into pay sand. A good showing of gas was encountered at 550 feet and held up strong until the oil sand was entered at 650 feet. The sand was penetrated at 647 feet and drilling continued until the bit was three feet in the sand. The well was immediately capped, awaiting the arrival of the company officials. No official estimate of the amount of oil this well will produce has been given out, but conservative figures place the quantity of anywhere from 10 to 50 barrels daily.

This is the third hole drilled on the Bauer tract, the first having been drilled to a depth of 500 feet by Messrs. Taylor & Allen for the Kennilworth Oil Company, but which resulted in a crooked hole. The rig was skidded to a new location and operations started on the second well. At this period of the game the holdings and machinery of the Kennilworth Company were taken over by W. A. Quebedeaux and the well put down to five hundred or more feet. This second well produced quantities of gas with several fine oil showings. Through a cave in this well was put on a fishing job and finally abandoned.

The Bauer No. 3 was spudded in during the last days of May and work continued steadily up to last Saturday when the well was plugged in. Future progress of this well will depend on the action of the company which owns it.

This well is in the Rockdale field proper and is not to be compared with the shallow wells of the Tracy field. Messrs. Morgan & Burgess state that they entered at 647 feet a pure oil bearing sand. The fact that this well is located this side of the river and taking into consideration the depth at

which the oil was struck leads one to hope that a new oil bearing strata has been found, and one that will produce oil in commercial quantities. It is the opinion of oil operators who have visited this well that it will be developed into the best producer ever drilled either in the Rockdale or Tracy field.

This is the first well in the local field to really excite the citizens of Rockdale. All day Sunday and Monday hundreds of autos were going to and from the Bauer location. While nothing definite could be learned of the operators, the mere fact that Rockdale people had looked upon what has the ear mark of something tangible in the way of real oil well repaid everyone for their trouble of making the drive.

The Avo Oil & Refining Association last week got their first well on the Gilleland tract in the Tracy field. This well is now standing full of oil. Manager Skinner states it will be placed on the pump at an early date. He believes this is a good well and places the probable output at from five to ten barrels of oil daily. He has forwarded a five gallon sample to President H. Welge at San Angelo. The company officials are expected to arrive in Rockdale soon and further development will be taken under advisement. Work has been closed down on the Richard tract west of town on account of quick sand. Driller Gardner states that a rotary attachment will be placed in this well to facilitate cleaning. Hopes are entertained that this well can be cleared and put in the producers class. Manager Skinner is putting forth every effort to make a success of this job, and those interested are wishing him the best of luck.

Ferguson & Hess have completed the well on the Batt farm started by Foster Davis of the Tracy-Maysfield Company. This well was drilled to the oil and the rig moved to a location near Sharp.

A company composed of Rogers citizens have placed a star 30 steam rig on the Robert Isaacs farm, one mile due north of the Bauer No. 3. Work will be rushed on this location. Hoewenstein & Smith are the contractors.

Mr. B. M. Williams of Alexandria, Ala., joined his wife and baby this week in a visit to his wife's sister, Mrs. R. L. Batte.

IF BACKACHY OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of
Salts Before Eating
Breakfast.

Uric acids in meats excites the kidneys, they become overworked; get sluggish, ache and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grape and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent

Cornell-Wood-Board

Triple-sized, takes the place of plaster—for Walls, Ceilings, Partitions, Repairs, Alterations and New Work

For Stores and Offices

MULTIPLY the square feet of waste space in your store or office by your present cost of rent and it will give you the annual dollar and cents less that can be turned to profit.

Business and professional men everywhere are converting unused space into money by the use of strong, rigid, Cornell panels, that take the place of lath and plaster.

"Cornell 32" Ideal for Shop Interiors

Cornell Wood Board, which makes charming panel designs, is ideal for finishing walls and ceilings of shop interiors, especially the 32-inch width called "Cornell 32."

It is economical—because it is quickly and easily applied. Furnished in various lengths in both the 32 and 48 inch widths. No waste in cutting.

It is permanent—because triple sizing protects against moisture, expansion and contraction. The makers guarantee that Cornell will not warp, crack, buckle or chip if directions for applying are followed.

It is pleasing in appearance—because Cornell has an attractive oatmeal finish. Milled primed surface (both sides) saves cost of sizing coat.

Call at our yard today for Cornell samples and estimate.

Milam County Lumber Company
Cameron, Texas

Cornell comes in 32 and 48 inch widths, called "Cornell 32" and "Cornell 48"—8 different lengths, 6 to 16 feet

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Sabriel, July 13th.—Henry Yeager is now home from the State University, to spend his summer vacation.

Mrs. Bob Lee, son and daughter of New Mexico, are guests of relatives of this vicinity.

Mrs. Tiny Lensey and baby visited relatives in Rockdale the past week end.

Mrs. Lee Williams of Georgetown is a guest of her son, Edgar, at present.

Miss Gladys Robinson of Davilla, was the week end guest of her cousin, here, Miss Fay Felton.

Robert McNeil of Rockdale is spending this week here, with his cousin, Harry Woody.

Mr. and Mrs. Walter Felton are entertaining a new baby girl that arrived at their home Saturday.

Master William Glascock has been listed with the sick since last writing. J. S. Woody was in Cameron Monday.

Miss Ella Yeager is home for her vacation till September.

Master James Guthrie spent last week end with his grand parents, Mr. and Mrs. Frank Davidson in Rockdale.

Mr. and Mrs. J. R. Foster came up from Rockdale and spent last Sabbath with their daughter, Mrs. John Woody and family.

Mrs. Roberts was home Sunday from San Marcos where she is with her daughter, who is attending Summer Normal there.

Rev. Ferguson closed a series of services Saturday night. The meetings began here the previous Sunday.

Messrs. Jamie Clark and Gotlebe Yeager returned from Arizona last Wednesday. They did not make a purchase of the government lands of that State, as the choice locations had all been claimed.

Hayden Perry and family of Temple spent the Sabbath here with his sister, Mrs. Walter Felton.

Will Lee spent last week end in Galveston.

Miss Ruth Barmore of Maysfield, is a guest of San Gabriel friends this week.

Messrs. Goss and T. P. Adams motored to Rockdale Friday.

W. H. Camp is making new repairs on his gin, preparatory for the fall work.

Harry Gamble is suffering the pain of a broken arm at present, sustained by cranking a truck last week.

Miss Cora Kirkman is entertaining a friend from Beaumont this week.

Misses Eula Gilchrist, Virgie Winford, Ruby Willy, Verna Roberts, Velma Isaac came in Saturday from San Marcos to spend the July holiday with parents.

On his return from Thorndale Saturday morning, Mr. Walter Clark wrecked his automobile in passing another that he met, slightly damaging his car, but resulting in no serious damage to himself except a jar.

Leonard Locklin has been suffering intensely from blood-poisoning contracted by opening a small pimple on his hand, with his pocket knife. He made frequent visits last week to Cameron for treatment in the Sanatorium there.

Mr. and Mrs. John Moore and daughters were in Salty community Sunday.

J. D. McNeil and little son, Marshall, of near Rockdale, were Sunday visitors in the home of J. S. Woody.

Mr. and Mrs. Ben Norman are the happy parents of a baby boy, born last Saturday.

Mr. and Mrs. Arthur Scruggs and sister of Thorndale attended church here Sunday.

The Christian revival meeting begins at San Gabriel Friday night of this week. Everybody cordially invited to help us with your presence.

Mr. Max Cummings is proprietor of a cold drink stand opened for business the past week in this village.

Little Misses Ova Lee and Gracy Mae Middleton are visiting their grandparents in Lampasas this week.

It is said: "Once a man and twice a child." We see that clearly verified when we met the bright faces of Mr. W. S. Glascock, 60 years of age; Mrs. 56 years of age; Uncle Dave Wilson, 84 years old; Mrs. Mary Richardson, 83 years old; Mrs. Whitfield, 76 years old and also others of corresponding years from our community at the shw in Thorndale one evening last week, stating as much that the old enjoy amusement occasionally, as well as the youthful and each expressed the entertainment splendid.

Dr. Crockett of Thorndale was called to our community Saturday.

Miss Marie Moreley attended the Thorndale picnic Saturday.

CAMERON LUMBERMAN BACK FROM TRIP TO THE WEST

R. P. Jeter, Cameron Lumberman, with his wife and two sons, has just returned from a two weeks' outing in the West. Leaving Cameron two weeks ago by motor, the family went to West Texas and the Guadalupe river for a camping and fishing trip.

In all the family was away 15 days and Mr. Jeter declares it rained 10 of the fifteen days.

At Junction City Mr. and Mrs. Jeter were met by Ben Grimes, former resident of Cameron and publisher of the Enterprise who with his family went to the Guadalupe and Llano rivers with their Cameron friends.

Mr. Jeter reports bass fishing good in the mountain streams. The trip was very pleasant in every detail.

Pat Neff Was Not Like Other Boys

Extract from biographical sketch of Pat M. Neff by Dr. S. P. Brooks, in "A Collection of Twenty-three Addresses by Pat M. Neff:

"It cannot be said that he was like other boys. Strange to say, though a Texan born and rustic, to this day he has never shot a gun, baited a fish hook, used tobacco in any form, nor drunk anything stronger than Brazos water. He does not know one card from another and cannot play any kind of a social game."

Mr. Thomason in his Brenham speech said: "I will ask that all the voters whoever baited a fish hook and shot a gun to vote for me and Pat Pat Neff can have the rest of them."

BUCKHOLTS NEWS
 By Audrey Criswell
 +++++

Mrs. Dwight Henderson and little daughter, Margaret, of Mineola, are here on a visit to friends and relatives.

Mr. Archie Black of Jones Prairie was here to spend the week-end with friends.

The many friends of Mr. Hamp Secret, who resided near here for many years, will be grieved to know of his death which occurred last week in Gordon, Nebraska. He was in Nebraska with his children, Bud Secret and Mrs. Wheeler Burke. Mrs. Secret was also there and will continue to reside in that state.

Mr. Kohut of Temple was here last Tuesday to attend the picnic at the Bohemian Hall, and he was accompanied to his home by Mr. True Loftin, who was in that city to attend to business matters.

Mr. and Mr. Ernest Kahler of Cameron were here last week to see Mrs. Kahler's sister, Mrs. Vince Rebecca.

Messrs. John Meyer, Frank Zadzawska, Clarence Raney, Clarence Hopkins and Misses Velma Buck, Hope Blankenship, Maurine Robinson, Florence Hill, and Rowena Buck motored to Belton Monday to attend the celebration at that place during the day and the street dance at night.

Mr. and Mrs. Frank Petruy of Rogers were here last week.

Mr. E. J. Kahler and Mr. Elmer Horstman last week purchased handsome Oakland touring cars.

Mr. and Mrs. W. F. Hendrichen of Cameron came up one day last week and spent several hours with friends at this place.

The Methodist meeting began at their church here Sunday night.

Mr. Frank Ewing left Monday for Oenaville where he will spend some time with his brother, Mr. Ernest Ewing.

Miss Naomi Walschak is in Temple this week.

Mr. George Goree returned Friday from Sabinal, where he has been for several weeks.

Mrs. D. R. Criswell left Monday for Waco, following a message that her little grandson, Elmer Ray Bryant, was dangerously ill.

Dr. and Mrs. J. Z. Young left Monday for Marlin, where they will remain for several days. They made the trip in their car.

TRANSFER NOTICE.

All persons desiring to transfer their children from one School District to another, must file their application with the County Superintendent not later than August 1st. Please take due notice of the above date and have your petitions filed with me as soon as possible—not later than August 1st.

Tide Is Swinging to Thomason

In the July issue of Bob Shuler's Free Lance, the editor has this to say:

"LAST WORD ON GOVERNOR'S RACE."

"And now just as the Free Lance goes to press, I am forced by reports from all over the State to repeat papers elsewhere published that Mr. Neff will lead Mr. Thomason in the primary of July 24. UNDOUBTEDLY THE THOMASON CAMPAIGN HAS BEEN TREMENDOUSLY STRENGTHENED WITHIN THE PAST FEW DAYS AND IF THE TIDE IN HIS FAVOR CONTINUES, IT LOOKS AS THOUGH HE MIGHT BE THE LEADING MAN IN THE FIRST PRIMARY."

NOTICE IN PROBATE—WRIT

State of Texas.

To the Sheriff or any Constable of Milam County—GREETING:

YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day thereof:

NOTICE.

The State of Texas.

To all persons interested in the estate of George Marak, deceased, Cause No. 1813, notice is hereby given that Antonio Marak has filed in the County Court of Milam County, an application for the probating of the Last Will and Testament of George Marak, Deceased, and for appointment of and issuing of Letters Testamentary, of the Estate of George Marak, deceased, which will be heard at the next regular meeting of the County Court, to be begun and holden on the first Monday of August, A. D. 1920, same being the 2nd day of August, A. D. 1920, at the said Court House thereof, in the city of

Cameron, Texas, at which time all persons interested in said Estate may appear and contest said application, if they see proper.

HERE FAIL NOT, under penalty of law, and of this Writ make due return.

Given under my hand and seal of office, in the city of Cameron, Texas, the 13th day of July, A. D. 1920.

Attest. **WILL T. YATES**, Clerk County Court, Milam County.

Ford
 THE UNIVERSAL CAR

Have Ford Mechanics Repair Your Car

The mechanics in our shop who will adjust or repair your Ford car, or Ford Truck, are men who understand the Ford mechanism and who know the Ford way of making repairs or replacements. They are experienced Ford mechanics and because of their familiarity with Ford cars can do your work more intelligently and more quickly than can other skilled mechanics who lack Ford experience.

The work on your car will be done in a completely equipped shop with time-saving Ford tools and equipment. Whether your car needs an adjustment or a thorough overhauling, we are prepared to give you careful and prompt service. And nothing but Genuine Ford-made parts and replacements will be used. When the work is finished, the charge will be reasonable, standard Ford prices.

Our stock of Ford parts is always complete. And our Ford Garage and Ford mechanics are at your service at any time. We are authorized Ford Dealers and not only repair Fords but sell them. Drive in or phone—be fair to your car and your pocketbook.

SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS County of Milam.

Notice is hereby given that an election will be held on the 24th day of July A. D. 1920, at Briary School House in Common School District No. 84 of Milam County, Texas, as established by order of the County Commissioners' Court of Milam of date the day of 19..... to determine whether or not a tax of and at the rate of 25c on the \$100 valuation of taxable property in said District shall be raised to a rate not exceeding 50c on the \$100 valuation for the purpose of supplementing State School funds apportioned to said district and to determine whether the Commissioners' Court shall be authorized to annually levy, assess and collect said tax for school purposes.

G. W. Follis has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election have been held make due return thereof to the Commissioners' Court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballot the words:

"Against increase of school tax."

Said election was ordered by the County Judge of this county by order dated the 23rd day of June A. D. 1920, and this notice is given in pursuance of said order.

Dated the 23rd day of June A. D. 1920.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

HISTORY OF MENDENHALL'S NUMBER 40 FOR THE BLOOD

Forty years ago an old doctor was putting up a medicine for diseases of the blood that cured the worst cases and time proved that the cures were permanent. After many years I secured the prescription, being a druggist, and took each ingredient separately and referred to my U. S. Dispensatory and other authoritative books on medicine and found the medicinal properties set down as follows: "A specific in its influence upon all glandular structures of whatever character, it is also a blood making remedy of great power. Acts directly upon the skin and is indicated in eczema, itching, sores, ulcers, pimples and skin eruptions of whatever character. Employed in chronic rheumatism, catarrh, constipation, stomach, kidney and liver trouble. Under its use scrofulous swellings and bodily eruptions that have withstood all other treatment disappear as if by magic." To commemorate my fortieth year as a druggist, I named this medicine Number 40 For The Blood. J. C. Mendenhall, Evansville, Ind. 40 years a druggist. Frank Stacer, prominent farmer, Newburg, Ind., makes the following statement: "I suffered with rheumatism for several years. Tried numerous remedies with little or no benefit. Number 40 For The Blood was recommended to me and I improved from the time I began taking it. I have taken in all six bottles and feel that I am entirely well, as I have had no symptoms of the disease for two years."

Special Steels add Life to the

MAXWELL

These steels are the product of the highly developed Maxwell laboratories, where steels have been studied, analyzed and tested for years.

They are made to Maxwell's own formulae and enable the Maxwell to stand punishment that few cars can meet successfully.

They lessen the task of the engine and make it more responsive, quicker

in action and a delight to handle.

These are some of the virtues which have won friends for the Maxwell in ever increasing numbers and give it a longer life than many cars of higher price.

Today there are approximately 400,000 Maxwell's on the world's highways. The year 1920 will add 100,000 more.
